NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) or 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 64537-1."

b. You must submit a storage stability study on your product as formulated. The formulated product must be analyzed for its active ingredients at time zero and during one year of storage. You may not reference data from a similar product to support your requirements for storage stability data.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

COCKSEC MOSQUITO COILS REPEL MOSQUITOES OUTDOORS.

For best results use in confined area with little or no breeze.
Place one coil every 10 feet.
Use on patio, at camp sites and cabanas outdoors.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

- 1) Stand serves as a holder for the coil; pull the center piece to upright position.
- 2) Loosen outer rings of coils until ends move freely.
- 3) Grasp each comma-shaped portion in the center between thumb and forefinger of each hand.
- 4) Separate the two comma-shaped portions by gently pressing them in opposite directions 1/4 inch apart.
- 5) Hold one comma-shaped end and shake lightly or gently pry apart to separate coils.
- 6) Insert tip of coil stand into slot in comma-shaped end of coil.
- 7) Light outer end of coil until glowing.
- 8) Place coils 6-10 feet apart around area to be protected.
- 9) For best results do not use in wind.
- 10) If shorter periods of use are desired, break coil into appropriate length and place in notched cut-out of holder.
