Dear Dr. Montgomery:

Subject: Label Amendment
Skedaddle! 4-Hour Insect Protection
EPA Reg. No. 64583-1
Submission Dated 4/21/95

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable with the following comment:

- In the precautionary statements section, add the words "that you or" after the phrase "If you suspect . . . ". This change will be consistent with PR Notice 91-4 and is also the same phrasing that you used on your label approved January 19, 1993.

If you have any questions or comments, please contact me at (703) 305-6876.

Sincerely yours,

/s/

Richard P. Keigwin, Jr.

4 Hour Insect Protection

A new, revolutionary kind of insect protection. Our "controlled release" technology provides long-lasting repellency with only 10.0% of the active repelling ingredient. You have got try it to believe it!

INDICATIONS: For protection from mosquitoes, ticks (including ticks that may carry Lyme Disease), biting flies, chiggers, fleas, gnats and no-see-ums. A single application provides effective repellency for four hours. Frequent reapplication and saturation is unnecessary for effectiveness.

CONTRAINDICATIONS: Do not use this product on individuals who exhibit skin irritation or topical allergies to soy products.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read all directions before using this product.

DOSAGE: Avoid overexposure. Use just enough product to cover exposed skin areas (neck, arms, legs). After returning indoors, wash treated skin with soap and water. Wash treated clothing.

PRECAUTIONARY STATEMENTS: Hazards to Humans. **CAUTION:** For external use only. Causes moderate but temporary eye injury. Avoid contact with eyes. Do not apply to eyes or mouth and do not apply to the hands of young children. Do not use under clothing. Do not apply over cuts, wounds, or irritated skin. Use of this product may cause skin reactions in rare cases. If you suspect your child is reacting to this product, wash treated skin and call your local poison control center. If you go to a doctor take this product with you. If in eyes: Flush with plenty of water. If irritation persists get medical attention.

STORAGE: Store away from heat in an area inaccessible to children.
DISPOSAL: Do not reuse empty container. Immerse empty container in water, rinse thoroughly three times, and offer to your local recycling program or wrap in paper and discard in trash.
