

ACCEPTED

JUL 20 1998

Under the Federal Insecticide, Fungicide, and
Rodenticide Act as amended, for the
pesticide, registered under
EPA Reg. No. 64684-2

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner that is inconsistent with its labeling.

No Foul WB waterborne antifouling may be used in fresh or salt water. Use on the bottom of vessels is recommended.

Directions for mixing: Mix contents of container. Stir until thoroughly mixed before using. Use immediately.

Preparation of Surface: The surface to be painted should be dry, clean and oil free. It should be properly prepared by sanding before any primers or paints are applied. Follow the recommended systems below. Bare metal surfaces should be primed prior to application. When sanding old antifouling paint, use a face mask to prevent inhalation of sanding dust.

Application and Temperature: No Foul can be applied by traditional painting techniques. Application should be conducted under good drying conditions at temperatures exceeding 55°F. Two coats are recommended for best antifouling protection.

Thinner: Use water sparingly.

Drying Times: Let the first coat dry for 8 hours at 70°F before applying second coat. After application of the second coat allow at least 12 hours drying time at 70°F before launching. Adverse drying conditions will require extending dry-to-launch times.

NO FOUL WB
Waterborne Antifouling Paint for Boat Bottoms

U.S. Patent Pending

CAUTION!
KEEP OUT OF REACH OF CHILDREN
See back panel for additional precautions and statement of practical treatment.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS KEEP OUT OF REACH OF CHILDREN

CAUTION: Causes eye irritation. Harmful if absorbed through skin, eyes, or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants, and hat. May be fatal if swallowed. Do not breathe sanding dust, vapor, and/or spray mist. Use adequate ventilation. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Drink promptly a large quantity of water. Avoid Alcohol. Get medical attention.

If in Eyes: Flush with plenty of water. Call a physician if irritation persists.

If Inhaled: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

If On Skin: Wash with plenty of soap and water. Call physician if irritation persists.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed, by storage or disposal. Open dumping is prohibited.

Pesticide Disposal:

Pesticide waters are toxic. Paint that cannot be used according to label instructions must be disposed of according to Federal, state, or local procedures under the Resources Conservation and Recovery Act.

Container Disposal:

Dispose of container by triple rinsing and recycling, or by other approved state and local procedures.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic organisms including fish and shellfish. Do not apply directly to water by cleaning of equipment or disposal of wastes. Do not allow chips and dust generated during paint removal to enter water. Dispose of paint debris in an approved landfill.

This Product is Intended for Commercial and Recreational Use.
