 <p><b>U.S. ENVIRONMENTAL PROTECTION AGENCY</b> Office of Pesticide Programs Registration Division (7504P) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460</p> <p><b>NOTICE OF PESTICIDE:</b>  <input type="checkbox"/> Registration  <input checked="" type="checkbox"/> Reregistration          (under FIFRA, as amended)</p>	EPA Reg. Number: 64864-3	Date of Issuance: AUG 1 2006
	Terms of Issuance: Conditional	
	Name of Pesticide Product: Shield DPA 15% Super Refined	
Name and Address of Registrant (include ZIP Code): Pace International LLC 1011 Western Avenue, Suite 807 Seattle, Washington 98104		
<p><b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the Reregistration Eligibility Document(s), EPA has reregistered the product listed above. Enclosed is a copy of your label stamped "Accepted with Comments". This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p>		
Signature of Approving Official:  Tony Kish, Product Manager (22) Fungicide Branch, Registration Division (7504P)	Date: AUG 1 2006	

26

1. Submit one copy of your final printed labels before you release the product for shipment.
2. Make the following labeling changes:
  - a. In the third bulleted item in the "If swallowed" subsection of the "FIRST AID" section, change "...unless told to by a poison control..." to "...unless told to do so by a poison control..."
  - b. On page 1, change the subtitle "Hazards to Human and Domestic Animals" to "Hazards to Humans and Domestic Animals".
  - c. In the second sentence in the "ENVIRONMENTAL HAZARDS" section, change "...or disposal of equipment with water or..." to "...or disposal of equipment washwater or...".
  - d. In the "Limitations of Liability:" subsection in the "LIMITED WARRANTY, TERMS OF SALE, AND LIMITATION OF LIABILITY" section on page 4, begin the first sentence with "To the extent allowed by law".

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely,

Tony Kish  
Product Manager (22)  
Fungicide Branch  
Registration Division (7504P)

Attachment: Label stamped "ACCEPTED with COMMENTS"

**Shield DPA 15% Super Refined  
For Reducing Apple Scald During Storage**

**ACTIVE INGREDIENT:**

Diphenylamine ..... 15%

**OTHER INGREDIENTS:** ..... 85%

Total ..... 100%

EPA Reg. No. 64864-3

EPA Est. No. 64864-WA-1

**KEEP OUT OF REACH OF CHILDREN  
CAUTION - CUIDADO**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.  
(If you do not understand this label, find someone to explain it to you in detail.)

<b>FIRST AID</b>	
If swallowed	<ul style="list-style-type: none"> <li>• Call a poison control center or doctor immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to by a poison control center or doctor.</li> <li>• Do not give anything by mouth to an unconscious person</li> </ul>
If on skin or clothing	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15 – 20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
If inhaled	<ul style="list-style-type: none"> <li>• Move person to fresh air.</li> <li>• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.</li> <li>• Call a poison control center or doctor for further treatment advice.</li> </ul>
If in eyes	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

**PRECAUTIONARY STATEMENTS****Hazards to Human and Domestic Animals**

**CAUTION.** Harmful if swallowed or absorbed through skin or inhaled. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

**Personal Protective Equipment (PPE)**

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category A on an EPA Chemical Resistance Selection Sheet.

Applicators and other handlers (including mixers, loaders, persons cleaning or maintaining the application equipment, truck drivers in drive-through drench operations, and persons handling treated apples or apple containers still wet) must wear:

- long-sleeved shirt and long pants
- shoes and socks
- chemical-resistant gloves made of any waterproof material such as polyvinyl chloride, nitrile rubber, or butyl rubber

**ACCEPTED  
with COMMENTS  
In EPA Letter Dated  
AUG 1 2006**

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No. 64864-3

4/6

Drenching applicators must wear: long sleeved shirt and long pants. Refer to Engineering Controls below for further details.

### **Engineering Controls**

For Truck Drivers in Drive-Through Drench Application Only:

When drivers remain inside the truck cab with the windows and doors closed, they

- May wear long sleeved shirt and long pants, and shoes plus socks,
- Must be provided with and must have immediately available for use in an emergency, chemical resistant gloves when they exit the cab or immediately adjacent to the treatment area during application, and
- Must store all such PPE in a chemical resistant container, such as a plastic bag, to prevent contamination of the inside of the cab.

### **User Safety Requirements**

Follow manufacturer's instructions for cleaning/handling PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

### **User Safety Recommendations**

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

### **ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic invertebrates. Do not contaminate water by cleaning of equipment or disposal of equipment with water or rinsate. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewage systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### **PHYSICAL OR CHEMICAL HAZARDS**

**FLAMMABLE.** Keep away from heat and open flame.

### **DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

### **General Precautions and Restrictions**

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Consult Agricultural Experimental Station or Extension Service pomology specialists for current recommended DPA use-solution concentrations for local apple varieties. User is cautioned that, even under ideal conditions, the use of Shield DPA 15% may not totally prevent Scald and may cause injury to some fruit or fruit varieties.

### **Recommendations**

Treat only dry fruit as received from field. Apply to fruit within 7 days after harvesting, prior to placing in storage.

Use 1000 ppm solutions for Braeburn, Cameo, Cortland, Fuji, McIntosh, Pink Lady, Rome Beauty, Turley, Stayman and Winesap apple varieties.

Use 2000 ppm solutions for Red Delicious apples.

Use 2200 ppm solutions for Granny Smith apples.

For treatment of Golden Delicious or Gala apples, consult your local pomologist.

<u>Use-Solutions</u>	<u>ppm DPA</u>
1 gallon Shield DPA 15% per 142 gallons water = . . . . .	1000
1 gallon Shield DPA 15% per 70 gallons water = . . . . .	2000
1 gallon Shield DPA 15% per 64 gallons water = . . . . .	2200

**Shield DPA 15%** may be tank mixed with post-harvest calcium treatments (i.e., calcium chloride). However, Do Not use **Shield DPA 15%** in combination with any other products without first conducting a trial to establish that the combination will not cause fruit damage such as skin burn or lenticel marking.

**Application Procedures**

- Clean tank thoroughly before recharging with fresh use-solution.
- Use recirculating drenchers only to treat fruit.
- Use-solutions must have continuous recirculation to prevent stratification.
- Remove any soil scums that accumulate on top of use-solution.
- Apply a single dip, drench or flood spray to thoroughly wet fruit. Limit DPA solution-to-fruit contact time to 2 minutes.
- Replace with fresh solution after treating 30 bins (or 750 bushels) with each 100 gallons of use-solution.
- TO AVOID OR REDUCE FRUIT INJURY, remove excess DPA solution remaining on apples. Drain thoroughly following treatment. For drench treatments, tilt bins to prevent collection of DPA solution in bottom of bins. DO NOT use bins with liners that interfere with drainage. Bins which do not allow sufficient drainage of use-solution may result in some fruit burning. Prevent orchard soils or foam from remaining on fruit following treatment.
- DO NOT rinse apples after treatment.
- DO NOT apply to fruit treated with Diphenylamine prior to harvest.
- DO NOT use treated apples for pomace or livestock feed, as illegal residues may occur in meat or milk.
- DO NOT wrap treated apples with Diphenylamine-treated paper.
- Fruit must have shipping container marked "Treated with Diphenylamine to retard spoilage."

**Check for Post-treatment Signs of Scald**

In years of severe Scald development, Shield DPA 15% may not give desired control or other factors may reduce its effectiveness. After several months of storage, collect samples of fruit periodically (every 2 or 3 weeks) and hold them at room temperature to assess Scald development. Fruit lots showing Scald can often be marketed immediately.

<b>STORAGE AND DISPOSAL</b>
Do not contaminate water, food, or feed by storage or disposal.
<b>PESTICIDE STORAGE:</b> Avoid storing below 40° F. In case of spill or leak, absorb liquid with sawdust or other absorbent material and incinerate or dispose of it in approved disposal area.
<b>PESTICIDE DISPOSAL:</b> Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
<b>CONTAINER DISPOSAL:</b> Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**NOTICE TO BUYER**

**IMPORTANT:** Read the information below before using this product. If the terms are not acceptable, you should return the unopened product container immediately for a complete refund.

**LIMITED WARRANTY, TERMS OF SALE, AND LIMITATION OF LIABILITY**

Upon purchase of this product, purchaser and user agree to the following terms:  
**Warranty:** To the extent allowed by law, Pace International, LLC (the Company) warrants that this product conforms to the chemical description on the label in all material respects and is

remarkably fit for the purpose referred to in the directions for use, subject to the exceptions noted below, which are beyond the Company's control. The Company makes no other representation or warranty, express or implied, concerning the product, including no implied warranty of merchantability or fitness for a particular purpose; no such warranty shall be implied by law, and no agent or representative is authorized to make any such warranty on the Company's behalf.

Terms of Sale: The Company's directions for use of this product should be followed carefully. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, and the manner of use or application (including failure to adhere to label directions), all of which are beyond the Company's control. All such risks are assumed by the user. Sale of this product is governed by the internal laws of the State of Washington; any action with respect to this product shall be brought exclusively in the State or federal courts located at Seattle, Washington, USA.

Limitations of Liability: The exclusive remedy against the Company for any cause of action relating to the handling or use of this product is a claim for damages, and in no event shall damages or any other recovery of any kind exceed the price of the product which caused the alleged loss, damage, injury, or other claim. Under no circumstances shall the Company be liable for any special, indirect, incidental, or consequential damages of any kind, including loss of profits or income, and any such claims are hereby waived.

The Company and the seller offer this product, and the purchaser and user accept this product, subject to the foregoing warranty, terms of sale, and limitation of liability, which may be varied or modified only by an agreement in writing signed on behalf of the Company by an authorized representative.
