Guaranteed Analysis:

Total Nitrogen (N) 7%
Iron (Fe) 14%
(Iron from Ferrous Sulfate Monohydrate).

CAUTION: This product contains Iron. Iron will stain. Do not allow this product to contact patios, driveways, decks, walkways, stonework, brickwork or clothing. Sweep concrete surfaces immediately, to prevent staining. If concrete surface is wet when contact occurs, staining may be impossible to prevent.

NOTICE TO BUYER:

Our recommendations for use of this product are based upon tests and/or information believed to be reliable. The use of this product being beyond control of the manufacturer, no guarantee expressed or implied, beyond refund of purchase price is offered. Buyer assumes all risk of improper storage and application of this product or its improper use in combination with other materials.

GUARANTEE

If you are not satisfied with this product, send your name, address, and proof of purchase and we will be happy to refund your money.

Directions for Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NuLife Rid-Moss is a rapidly soluble and quickly available source of nitrogen for growth, and iron for the destruction of lawn moss.

NuLife Rid-Moss is most effective when applied during the Spring and Fall months when moss is actively growing and the soil is moist. It may be applied in the dry Summer months, but the lawn should be thoroughly soaked, and the grass in a growing condition before applying.

The most satisfactory results from application of NuLife Rid-Moss are obtained if the listed instructions are followed.

DRY APPLICATION: Apply NuLife Rid-Moss evenly with a fertilizer spreader or by hand as it comes from the bag, using 10 lbs. per 1,250 sq.ft. (approx. 35' x 35') of lawn area.

LIQUID APPLICATION: Dissolve 1/2 lb. of NuLife Rid-Moss in 2 gallons of water and apply this liquid mix evenly to 50 sq.ft. of lawn using a sprinkler can.

WATER WELL AFTER APPLYING.

NOTE: The effect of NuLife Rid-Moss is evident almost immediately. Treated moss quickly turn black in color. This dead moss will gradually disintegrate and add humus to the soil or it may be raked out and removed from the lawn.

For the best appearance it is advisable to treat the entire lawn with NuLife Rid-Moss, as treated areas soon show marked improvement in both color and vigor of the grass.

Recommended Fert. per Spreader Settings *	
Make of Spreader	Rate
Scott	5
Lawn Beauty	6
Sears	5
Ortho-drop type	4 1/2
Spread one-way, being careful not to skip.	

* As calibration and general condition of spreader can materially affect the rate of flow neither the manufacturer nor the seller can guarantee exact coverage as indicated by the above recommended dial settings.

STORAGE & DISPOSAL

STORAGE: Store in original container and keep any bags containing unused product in a locked storage area inaccessible to children and domestic animals. Do not store near food or feed stuffs. To prevent cross-contamination, do not store near other fertilizers, or near herbicides, insecticides, fungicides, or seeds.

PRODUCT DISPOSAL: To dispose of bags which contain unused product securely wrap bag in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse bag. Discard bag in trash.

Precautionary Statements: Hazards to Humans and Domestic Animals

CAUTION: HARMFUL IF SWALLOWED, KEEP OUT OF REACH OF CHILDREN. Avoid inhalation of dust or contact with eyes, skin, and clothing. Wash hands thoroughly after handling.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink 1 or 2 glasses of water and induce vomiting by touching back of the throat with finger or by giving syrup of Ipecac. Do not induce vomiting or give anything by mouth to an unconscious person. Call a physician immediately.

IF IN EYES: Flush eyes with plenty of water for at least 15 minutes. If irritation persists, get medical attention.

IF ON SKIN: Wash thoroughly with soap and water.

ENVIRONMENTAL HAZARDS: Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Burning of grass may result if NuLife Rid-Moss is applied when the soil is dry, or the lawn is showing signs of lacking water. Burning may also result if applied on the foliage of some border plants; if contacted, flush immediately with water.
