READ THE ENTIRE LABEL BEFORE USING THIS PRODUCT. USE ONLY ACCORDING TO THE DIRECTIONS ON THE LABEL AND OBSERVE ALL PRECAUTIONS.

*Hinder Deer and Rabbit Repellent* protects plants by forming an odor barrier that is inhospitable to animals. For use on vegetable, fruit, flower, tree and ornamental plants and shrubs.

**PRECAUTIONARY STATEMENTS**  
Hazardous to Humans and Domestic Animals

**HAZARD**

Causes irritable eye damage. Irritated if inhaled. Do not get in eyes or on clothing. Avoid breathing vapor or spray mist. Wear safety glasses when handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS**

This product may be hazardous to aquatic invertebrates. Do not apply directly to water or to areas that surround or drain into water. Do not apply directly to streams or rivers. Do not contaminate water when disposing of equipment washwaters.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**REENTRY STATEMENT**

Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by workers and other persons until the pesticide residue has dried. Workers and other persons may reenter the treated area at any time after the pesticide residue has dried. For more information contact your State Department of Agriculture.

Workers or other persons must be given the following information: (1) This area is an area about to be treated with this product. When and where are you going to be treated with this product. (2) Language customarily understood by workers. Oral warnings must be given in the language to be used. (3) Workers who cannot be given the information must be given the following information:  
"DANGER: Area to be treated with HINDER on (date of application). Do not enter without appropriate protective clothing until spray has dried. If accidentally exposed, consult the Statement of First Aid Treatment portion of the pesticide label for first aid recommendations."

# LEFFINGWELL®

**USE RESTRICTIONS**  
This product may be applied to ornamental plants, lawns, and shrubs (including roses and azaleas) and trees (including evergreens and deciduous trees) and shrubs, annual and perennial flowers, berries, shrubs, ornamentals, peanuts, spruce and fir trees, and carrots.

This product may also be used to discourage feeding by ornamental rabbits (cottontails) and other wild animals (quail, ducks, geese, and turkeys) on ornamental plants and shrubs.

When considering use of this product during cold weather, wear mask if temperature of at least 40°F for a four hour period is needed to allow proper drying time.

Do not apply this product through any type of irrigation system. This product may be applied by air only on ornamentals, plants and trees.

**HINDER IS NOT ORIGINALLY COMPATIBLE** with most commonly labeled pesticides such as those which contain malathion, diazinon, and other organophosphorus, carbamate and cholinergic insecticides, and other pesticides and with certain insecticide-resistant strains of insects.

Check relevant sections of application directions for information on phytotoxicity and other special instructions on treatments.

**APPLICATION DIRECTIONS**

**SHADE CONTAINER WELL BEFORE MAKING OR APPLYING ITS CONTENTS.** HINDER may be applied by conventional spraying equipment ranging from small hand-held sprayers to commercial sprayers.

Under reasonably dry conditions, Hinder should be reapplied every 10-14 days for as long as plant material is tender and the treatment appears to be effective.

Risks may reach Hinder oil treated vegetation. Treatment should be repeated after heavy rains. Do not apply Hinder when rain is expected within six week 24 hours.

For best results, apply Hinder before the animals start feeding on the plants to be protected. Hinder makes plants taste bitter and is probably to cover the plants and can be washed from plants by rain or other water. Under conditions of heavy rain, Hinder may be washed off plants. For best results, apply Hinder in the morning or early afternoon when the sun is shining and the plants are dry. Hinder may be washed off plants by heavy rain. Hinder may be washed off plants by heavy rain. Hinder may be washed off plants by heavy rain. Hinder may be washed off plants by heavy rain.

**CONTINUED ON BACK PANEL**

Crossed specific directions (below) for the largest species.  
Apple and pear trees: To make spray mixture, mix 2-3 to 6 if 8 feet above the ground surface. Apply correct concentration to the trunk and branches. When treating the trunk, use the correct concentration.  
Ornamental plants in a yard or garden, mix 1-2 pints of the concentrate with 100 gallons of water. Use the correct concentration.  
Annual and perennial flowers: Mix 1-2 pints of Hinder per 100 gallons of water. Use the correct concentration.  
Lawns: A preliminary test is recommended. Use the correct concentration. Hinder will be washed off (except for grass, and possibly some other grasses, and certain mixtures) by rain, irrigation, watering, etc.  
Mature garden: Mix 1-2 pints of Hinder per 5 gallons of water. Use the correct concentration.  
Trees of ornamental stock and ornamental trees: Use the correct concentration.  
STORAGE: Keep Hinder in original container. Do not use HINDER in any other container. HINDER should be stored in a cool, dry place. HINDER should be stored in a cool, dry place. HINDER should be stored in a cool, dry place.  
SALES: Hinder is sold in 1-gallon and 5-gallon containers. Hinder is sold in 1-gallon and 5-gallon containers. Hinder is sold in 1-gallon and 5-gallon containers.  
HINDER is a Registered Treatment of Pests International U.S.A.
