U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number: 65092-1  
Date of Issuance: April 10, 2002

Term of Issuance: Conditional

Name of Pesticide Product: Ze Lin Chen Chalk

NOTICE OF PESTICIDE:

Registration  
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Mr. Ze Lin Chen  
137 Casuda Canyon Dr. #A  
Monterey Park, CA 91754

Mr. Bernard Segal  
1900 Avenue of the Stars, 19<sup>th</sup> Floor  
Los Angeles, California 90067

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of you product under FIFRA section 4.
2. **Make the following labeling changes:**
  - a) Revise the EPA Registration Number to read "EPA Reg. No. 65092-1 "
  - b) As noted in both our letters of September 28<sup>th</sup>, 2001 and January 30<sup>th</sup>, 2002, this product must contain Spanish and Chinese translation. The Spanish and Chinese translations must completely and accurately reflect the English text. The text of your dispenser, carton and pamphlet labels must be in English, Spanish and Chinese. Please ensure that the final printed labeling you submit to us contains the English, Spanish and Chinese labeling.

Signature of Approving Official:  
  
**George T. LaRocca**

Date:  
  
April 10, 2002

- 3) As a term and condition of this registration and subject to the exception contained in the second sentence of this paragraph, Bernard I. Segal and Ze Lin Chen ("Co-Registrants") acknowledge that all documentation submitted with respect to this registration, including, but not limited to, amendments to the composition, labeling or packaging of the product, must be submitted under joint signature by both Co-Registrants. The Agency will accept incident report data as required by FIFRA §6(a)(2) (see regulations at 40 C.F.R. Part 159) that is submitted under signature of only one of the Co-Registrants.

At any time, the Co-Registrants may agree to designate any person as the authorized agent for this registration. The authorized agent will have authority to represent and bind the Co-Registrants in all matters before the Agency with respect to this registration including the submission of amendments to the registration. To designate an authorized agent, the Co-Registrants must submit a notarized document signed by both parties that identifies the authorized agent. The Agency will review the document and notify the parties as to whether the document meets the Agency's regulatory purposes. Only after the Agency has notified the parties that the document is satisfactory, may amendments and other documentation relating to the registration be submitted under the signature of the authorized agent.

4. Please submit two (2) copies of your final printed label for before your release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact me at (703) 305-6100.

Sincerely,

George T. LaRocca  
Product Manager (13)  
Insecticide Branch  
Registration Division (7505C)

**KEEP OUT OF REACH OF CHILDREN  
CAUTION**

Do not apply where children and pets are likely to come in contact with treated surfaces. Do not remove chalk from dispenser. Close dispenser cap properly when not in use. When closed properly, the cap will not twist off without pressing down.

<b>FIRST AID</b>	
<b>IF SWALLOWED:</b>	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor.
<b>IF ON SKIN OR CLOTHING:</b>	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 or 20 minutes. Call a poison control center or doctor for treatment advice.

5/11

<b>IF IN EYES:</b>	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center for treatment advice.
<b>IF INHALED:</b>	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further advice.
<b>HOT LINE NUMBER:</b>	Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-xxx-xxxx for emergency medical treatment information.

**PRECAUTIONARY STATEMENTS  
HAZARD TO HUMANS & DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in original container in an area inaccessible to children and pets. Do not store near foodstuffs, drugs or personal contact items. Close dispenser cap properly when not in use.

**DISPOSAL:** If **empty:** Do not reuse this container. Place in trash or offer for recycling if available.

If **partly filled:** Call your local waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product in any indoor or outdoor drain.

**GENERAL INFORMATION**

ZE LIN CHEN CHALK is a ready-to-use, residual formulation. ZE LIN CHEN CHALK controls COCKROACHES, ANTS, AND CRICKETS in residential, institutional and commercial buildings, including homes, apartment buildings, buses, recreational vehicles, mobile homes, utility vaults, telephone booths, coin boxes, electrical switch boxes, behind switch plates and the non food/feed areas of hospitals, stores, warehouses, trucks, truck trailers, freight cars, storage bins, ships and boats, institutional and commercial buildings.

Do not use in the food/feed areas of food/feed handling establishments, restaurants or other areas where food is commercially prepared, processed or served. Non food/feed areas of food/feed handling establishments are areas

#### GENERAL INFORMATION

ZE LIN CHEN CHALK is a ready-to-use, residual formulation. ZE LIN CHEN CHALK controls COCKROACHES, ANTS, AND CRICKETS in residential, institutional and commercial buildings, including homes, apartment buildings, buses, recreational vehicles, mobile homes, utility vaults, telephone booths, coin boxes, electrical switch boxes, behind switch plates and the non food/feed areas of hospitals, stores, warehouses, trucks, truck trailers, freight cars, storage bins, ships and boats, institutional and commercial buildings.

Do not use in the food/feed areas of food/feed handling establishments, restaurants or other areas where food is commercially prepared, processed or served. Non food/feed areas of food/feed handling establishments are areas such as garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

For Questions or Comments Call:  
1-XXX-XXX-XXXX

#### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For use in residential, commercial, institutional and transportation facilities.

**DISPENSER INSTRUCTIONS:** Following the instructions below, remove cap, extend chalk and lock in position for application. After use, retract chalk and close cap making sure it has locked in position.

**1. TO REMOVE CAP:**  
PUSH DOWN AND TURN.

**2. TO EXTEND CHALK:**  
PRESS BUTTON DOWN, ALLOW CHALK  
TO SLIDE 4 INCH OUT OF OPENING.  
RELEASE BUTTON TO LOCK.

**3. TO RETRACT CHALK:**  
HOLD TUBE UPRIGHT (OPEN END UP).  
PRESS BUTTON IN ALL THE WAY.  
ALLOW CHALK TO FALL COMPLETELY INSIDE  
HOLDER, BEFORE RELEASING BUTTON.

**4. CLOSE CAP PROPERLY.**

**APPLICATION INSTRUCTIONS:**

ZE LIN CHEN CHALK, properly applied, forms barriers over which insects must crawl to enter the facility or to get to and from food and water. These carriers are formed by drawing treatment bands. These treatment bands must intersect without breaks or gaps for complete, and effective barriers. A single band or bands, the width of the chalk, is effective. Wider bands are unnecessary.

11/11

Page 5 of 5  
Ze Lin Chen Chalk  
Pamphlet Label

Draw a ZE LIN CHEN CHALK band completely around the underside of all shelving. Remove all drawers and draw treatment bands completely around the underside of the counter and all interior sides of the cabinet. Do not apply to the interior of drawers or to the front exterior of the cabinets. In the home do not allow the insecticide to contact food or food processing surfaces. Give special attention to treating under and around the sink. Band cabinet exteriors where they join the wall or at points of cracks or crevices. Do not allow the insecticide to contact food or food processing surfaces.

Draw a band of ZE LIN CHEN CHALK around the cabinet base and baseboards of the entire home or facility, the flat surface around each door casing, under the shelving in closets and storage areas, and on the back of pictures. Treat bathroom vanities in the same manner as cabinets. This application will ensure that insects crawling along and up walls will come in contact with the insecticide barrier. Interior and exterior casings and exterior thresholds may be treated for control of CRICKETS, ANTS and ROACHES.

NOTE: Product effectiveness is likely to be reduced in areas wet enough to dampen treatment bands.

Other areas to be treated include baseboards, moldings, around plumbing and other utility installations, dark corners in closets, and around doors, ventilators, windows and other openings. Completely band the undersides of work tables and storage shelving. Floor drains, garbage rooms, locker rooms, switch boxes, and the back of switch plates should be included in the treatment.
