Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 65233-6".
 - b. The term active ingredients and inert ingredients must be aligned to the same margin.
 - c. Add the statement, " DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection."

Signature of Approving Official:

Date:

11 MAY 1994

3. Submit one (1) copy of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

This registration is being granted at this time on the express condition that EPA shall have the right at any time to designate certain ingredients in this product as active ingredients either in addition to or as an alternative to the designation of citronella as an active ingredient and require the submission of additional supporting data. Premavera Laboratories, Inc. shall have 30 days to submit an appropriate amendment after being notified by EPA in writing of any new designation of active ingredients along with any required supporting data and shall not apply any labels not containing such new designation to the product after being notified by EPA of the acceptance of the new designation. If Premavera Laboratories, Inc. fails to submit an appropriate application for amendment in a timely manner, applies labels not containing the new designation of active ingredients to the product after being notified of the acceptance of the new designation, or fails to submit or commit to the submission of any required data, EPA shall have the authority to cancel this registration by order and without hearing. Any such cancellation will be effective immediately upon written notification to Premavera Laboratories, Inc.

Sincerely,

Robert S. Brennis

PLEASANT HERBAL SCENT

TREO® Lotion is waterproof. It retains its degree of sunscreen protection for at least 80 minutes in the water. TREO® provides full-spectrum protection from the damaging effects of both UVA and UVB rays. TREO® is effective against fleas, mosquitoes and deer ticks. Protection from peeling, drying and cracking skin. TREO® is non-comedogenic. It moisturizes dry skin and helps prolong your tan. The liberal and regular use over the years of this product may also help reduce the chance of premature aging and wrinkling caused by exposure to the sun.

DIRECTIONS: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Apply TREO® liberally and evenly before exposure to sun or mosquitoes, deer ticks and fleas. Reapply after 80 minutes in the water, excessive perspiration or prolonged activity. For longer lasting mosquito protection apply a heavier initial dose of TREO® to exposed skin. Reapply when effectiveness diminishes. For continued flea and deer tick protection, reapply frequently to maintain repellency.

CAUTION: For external use only. Avoid contact with eyes. Discontinue use if irritation or rash appears. Use on children under 6 months of age only with the advice of a physician.
