FRONTLINE® SPRAY treatment for dogs, cats, puppies and kittens.

Frontline® provides effective flea and tick control for adult dogs and cats and for puppies and kittens 8 weeks of age or older.

- Fast-acting control
- Prevents reinfestation
- Kills adult fleas before they lay eggs
- Kills fleas which may cause flea allergy dermatitis

- Kills fleas and ticks for a minimum of 30 days

Frontline® is the only flea control product that contains fipronil, a patented GABA inhibitor. Frontline® rapidly controls flea infestation by killing adult fleas. Frontline® residual activity prevents reinfestation by killing fleas and ticks for at least 30 days. Studies have shown Frontline® may protect dogs against fleas for up to 90 days.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **TO PREVENT HARM TO YOU AND YOUR PET, READ ENTIRE LABEL AND ATTACHED DIRECTIONS BEFORE EACH USE.**

Follow all directions and precautionary statements carefully. Use only on dogs and cats. Do not use on rabbits. Do not use on any other animals.

To kill fleas and all stages of brown dog ticks, American dog ticks, lone star ticks, and deer ticks (which may carry Lyme disease), apply to dogs, cats, puppies or kittens as follows:

FRONTLINE®

**CAUTION
KEEP OUT OF REACH
OF CHILDREN**

How to unlock the trigger pump: Press down on lock button located at the top of the trigger pump. At the same time, rotate the nozzle counterclockwise one full turn so that the tab on the lock button aligns with the notch in the nozzle. **To lock the trigger pump,** reverse the process. The trigger pump should be left in the locked position when not in use.

Wear household latex gloves. Hold bottle in upright position. Ruffle the animal's coat with one hand while applying spray mist to the animal's back, sides, abdomen, legs, shoulders and neck. For head and eye area, spray Frontline® on a gloved hand and rub gently into animal's hair. Do not get this product in you pet's eyes or mouth.

Apply spray mist until animal's hair is damp to thoroughly wet.

Approximately 1 to 2 pumps per pound of the animal's body weight will be required. Pets with long or dense coats will require the higher rate.

As with any flea control product, wash hands and exposed skin thoroughly with soap and water after use.

To prevent flea build-up or reinfestation, use Frontline® prior to the onset of flea season and monthly thereafter. Ticks do not need to receive spray directly upon their body for complete control. Do not reapply Frontline® for 30 days.

Product performance is unaffected by exposure to moderate rainfall or by bathing with most brands of pet shampoo.
