DIRECTION FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control cockroaches, ants and silverfish, apply the paste liberally. DO NOT SPREAD. Apply the paste under and behind refrigerators and tubs; into openings around drains, water pipes and electrical conduits; in cracks and crevices along baseboards and in corners of cabinets, cupboard and closets. Remove all lower drawers in the kitchen and bathroom cabinets, bedroom dressers and chest drawers, then apply the paste liberally in the drawer wells.

Direction for Applying in New Construction to Control cockroaches

When treating large areas such as wall voids, soffit and subcabinet void in new and existing construction, apply the paste liberally. DO NOT SPREAD.

Reapply the paste as necessary. Any paste visible after application must be scraped into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.
