NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Add the phrase "EPA Registration No. 65527-1" to the label prior to releasing the product for shipment.
3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Sincerely,

Mr. Adam Heyward
Acting Product Manager 10
Insecticide-Rodenticide Branch
Registration Division

AVOID EYE CONTACT. WASH THOROUGHLY.

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: Children and pets should be excluded from the treated area after application is completed. Avoid contact with treated surfaces. Avoid contamination of ornamental plants.

APPLICATION DIRECTIONS

CARPETS: Apply to dry carpet only. Apply to areas of frequent traffic or sleep at the rate of one pound per 1000 sq. in. Work product to the base of the carpet with a brush or use approved grooming equipment.

Visible product remaining after application may be removed by vacuuming.

Allow three to five weeks for maximum flea control.

Note: If high adult flea population makes control difficult, product designed to kill adult fleas before or in conjunction with larvicide.

UPHOLSTERY: Remove loose cushions. Apply to creases and into corners and furniture wells.

Any product visible after application must be removed by vacuuming.

STORAGE AND DISPOSAL

STORAGE: Keep container tightly closed in original container, in a dry place inaccessible to children and pets.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at a waste disposal site.

CONTAINER DISPOSAL: Do NOT reuse container (not a refill equivalent). Then offer for recycling or reuse or dispose of in a sanitary landfill or incinerate at an incineration facility approved by local authorities, by burning. If container is damaged, do not use.
