Scoot Mole® Evacuator

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used to repel eastern moles (*Scalopus aquaticus*), voles*, and gophers* from lawns, turf, ornamentals, golf courses, and athletic fields.

LOCATING MOLES: The presence of moles may be indicated by a network of surface ridges in the turf or by a series of conical mounds of earth pushed up from deep burrows. Treat all areas which show signs of moles' presence.

APPLICATION DIRECTIONS:

[When sold in self-dispensing containers:]

Attach garden hose tightly to self-dispensing container. Turn water supply on to full pressure. Spray **SCOOT® MOLE EVACUATOR** over mole infested area at a rate of 1 quart of product per 10,000 sq. ft. (e.g., a 100 ft. by 100 ft. rectangle). Adjust the spray nozzle to "WATER". Continue to spray with water to soak **SCOOT® MOLE EVACUATOR** into the soil. Apply **SCOOT® MOLE EVACUATOR** immediately after the presence of moles is detected or in early Spring, mid-Summer and early Fall if there are moles nearby but not on your property.

[When sold in Refill bottles:]

To be used in original Scoot Mole® Evacuator self-dispensing containers only. Apply at 32 oz per 10,000 Sq. Ft. Pour contents of refill Scoot Mole® Evacuator into original Scoot Mole® ready to use (RTU) hose end applicator bottle, attach garden hose tightly to self-dispensing container. Turn water supply on to full pressure. Spray **SCOOT® MOLE EVACUATOR** over mole infested area at a rate of 1 quart of product per 10,000 sq. ft. (e.g., a 100 ft. by 100 ft. rectangle). Adjust the spray nozzle to "WATER". Continue to spray with water to soak **SCOOT® MOLE EVACUATOR** into the soil.

Apply **SCOOT® MOLE EVACUATOR** immediately after the presence of moles is detected or in early Spring, mid-Summer and early Fall if there are moles nearby but not on your property.

These directions also apply to voles* and gophers*.

REUSABLE APPLICATOR: Refill bottles available. Use only with **SCOOT® MOLE EVACUATOR**. Do not contaminate container with weed killers or pesticides.

STORAGE AND DISPOSAL

Do not contaminate food, feed or water by storage or disposal.

STORAGE:

Store only in original container, in a dry place inaccessible to children and pets.

DISPOSAL:

If empty: For non-refillable containers, do not reuse this container. Place in trash or offer for recycling if available.

[or]

For refillable container, after last usage, place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

Warranty Disclaimer: Buyer assumes all responsibility for safety and use not in accordance with directions.
