US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION <i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i>	EPA REGISTRATION NO. 65636-1	DATE OF ISSUANCE 23 JAN 1992
	TERM OF ISSUANCE Conditional	
	NAME OF PESTICIDE PRODUCT R & M Flea & Tick Spray #1	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

R & M Regulatory Services
5145 Forest Run Trace
Alpharetta, GA 30202

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/-reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment.
 - a. Add the phrase "EPA Registration No. 65636-1."
 - b. Certain listed precautions are inappropriate for the use pattern of this product and contradict the direction, "If treatment is necessary, spray on tips of fingers and rub coat. Therefore, delete references such as: "Causes skin irritation"; "Do not get... on skin". The signal word "Warning", however, remains appropriate because of results from eye irritation tests.
 - c. In accordance with 40 CFR 156.10(h)(2)(i), you must add the appropriate first aid statement to the "Hazards to Humans and Domestic Animals" paragraph.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosure

Richard F. Mountfort

**PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
WARNING**

HUMANS: Causes eye and skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed or inhaled. Avoid breathing mist. Keep out of eyes. Avoid contamination of food. Wash hands with soap & water after using.

ANIMALS: Avoid treatment of foals, nursing kittens & puppies under six weeks old. If treatment is necessary spray on tips of fingers & rub coat.

4/2/7

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where runoff is likely to occur.

PHYSICAL OR CHEMICAL HAZARDS: Flammable. keep away from heat and open flame.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF SWALLOWED: Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.

IF INHALED: Remove person to fresh air.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE ONLY IN WELL VENTILATED AREA

CATS and DOGS

Cover animals eyes with hands. With a firm stroke to get a proper spray mist, spray head, ears and chest until damp. With fingertips, rub into face around mouth, nose and eyes. Then spray neck, middle and hind quarters, finishing legs last. For best penetration of spray to the skin, direct spray against the natural lay of the hair. On long haired dogs rub your hand against the lay of the hair, spraying the ruffled hair directly behind the hand. Make sure spray thoroughly wets ticks. Repeat treatment as needed.

PUPPIES and KITTENS

Treat same as cats and dogs except nursing puppies and kittens. Spray only along back or on your fingertips and rub in.

PETS SLEEPING QUARTERS

Spray around baseboards, windows, door frames, wall cracks and local area of floors. If mosquitoes, gnats or flies are present, spray lightly into the air. Repeat as needed. The pets bedding should be sprayed, making sure the area beneath the bedding is sprayed. After spray has dried, remove old bedding and replace with fresh bedding. Treat pets with one of our registered Flea & Tick control products before allowing them to enter treated area.

BEST AVAILABLE COPY

HORSES

Use full strength to control stable flies, horse flies, deer flies, face flies, gnats and mosquitoes. Apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Do not wet horses skin with excessive spray. After application, brush thoroughly to bring out bring sheen on the coat. Repeat treatment as needed.

HOLD BOTTLE IN UPRIGHT POSITION WHEN SPRAYING

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

STORAGE AND DISPOSAL

Storage: Do not use or store near heat or open flame.

Disposal: Do not reuse container. Wrap and put in trash.

Directions for Liquid Dispensing Comb

KILLS FLEAS, TICKS, AND LICE ON CONTACT

The teeth of the comb are made of a porous nylon fiber much like a felt-tip pen. By simply combing your pet, the special flea and tick killing liquid saturates the comb's sturdy teeth and coats the animal's skin, fur and hair, killing fleas and ticks on contact. The special liquid also contains agents to help keep your pet's coat smooth and shiny, so your pet benefits from a healthy grooming, too. Comb is safe and gentle to be used daily.

DIRECTIONS FOR USE

Remove plug. Holding comb level, slowly add liquid through filling hole until wick is visibly damp. Do not overfill. Replace plug and allow a few minutes for teeth to become moistened. Comb pet thoroughly with a slow grooming motion. Be sure that both tips and sides of the teeth contact the skin, inner fur, and hair. For pets with thick fur, groom by pushing back fur and combing around the roots. After use, wipe teeth gently with a dry paper towel or tissue. Store in a sealed plastic bag.
