DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a
manner inconsistent with its labeling.

Shake well before using. Apply to dry surfaces only. Do not
wet powder. Apply powder more heavily to areas of flooring
or furniture on which the pet spends most time.

Carpets: Shake powder evenly across surface. Brush lightly
with broom to force powder deep into carpet where fleas and
their larvae exist. Wait at least 60 minutes before
(lightly) vacuuming to remove visible surface powder. For
maximum efficacy, delay vacuuming for up to 24 hours.

Upholstery: Remove loose cushions. Sprinkle along creases
and into corners. Brush lightly to work powder into folds
and creases. Vacuum to remove visible powder on surfaces.
Do not use on exposed fabric without first testing on a
hidden surface for effects on color (straining) or texture.
If powder adheres to a spot, brush out and vacuum that area
immediately.

When emptying vacuum bag after use, wrap contents or disposable bag in several layers of newspaper and discard in trash.

Treat pets with a registered flea and tick control product prior to re-entry.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area inaccessible to children and pets.

Disposal: Do not reuse container. Wrap and put in trash.
