- d. Verify the Flash Point/Flame Extension number, for this product as formulated, which was provided in box 9 of the Confidential Statement of Formula.

Note that during Phase V of the reregistration process for the active ingredient methyl nonyl ketone, it is anticipated that product performance data will be required to support all claims for products containing this active ingredient.

3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Robert A. Forrest  
Product Manager (14)  
Insecticide-Rodenticide Branch

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a  
manner inconsistent with its labeling.

**SHAKE WELL BEFORE USING**

Do not apply directly to foliage of shrubs or  
to ornamental, soft-bodied plants.

**GENERAL:** For both indoor and outdoor situations, the most  
effective control for a pet is the sharply spoken word backed  
up with disciplinary action. This repellent product should  
be used in conjunction with training.

**INDOORS:** To break your pet of undesirable habits (such as  
sleeping on furniture, rugs, and other forbidden areas in  
your home): Spray the article of furniture, rugs, etc.,  
lightly with this product so that the area or object is  
slightly moistened. Before spraying extensive areas of rugs,  
fabrics or plastics, test the effect of this product by first  
treating a small inconspicuous area.  
This product may stain or soften some fabrics or plastics.

**BEST AVAILABLE COPY**

An alternate method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily, or as necessary, until undesirable habit is broken.

**OUTDOORS:** To prevent your pet, or stray animals, from soiling flower beds, areas of lawn, trees, shrubbery or evergreen: Spray the edges of flower beds, trunks of trees, the bases of shrubbery and evergreens, patches of lawn, etc., lightly every day, or every other day, with this product. Stray animals are frequently attracted to areas where urine or feces have been deposited. First, remove any droppings, then spray the spot with this masking odor. Re-apply as often as necessary until undesirable habits of your pet or stray animals are changed.

**Garbage and Garbage Cans:** Treat bags of garbage and garbage cans on all surfaces until wet. Allow to dry before handling. Re-apply as necessary.

**Note:** This product is not likely to break the established urination patterns of dogs unless used as a training aid.

#### **STORAGE AND DISPOSAL**

**Storage:** Store only in original container, in a dry place, inaccessible to children and pets.

**Disposal:** Do not re-use container. Wrap and discard in trash.

#### **PRECAUTIONARY STATEMENTS**

##### **CAUTION**

##### **Hazards To Humans and Domestic Animals**

Harmful if swallowed or absorbed through the skin. Avoid contact with skin. Wash hands with soap and water after spraying.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment. Cover exposed food. Do not apply to food crops.

##### **PHYSICAL OR CHEMICAL HAZARDS**

Flammable. Keep away from heat or open flame.
