JAN 27 1994

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

Term of Issuance:

Conditional

Name of Pesticide Product:

R & M Aqueous Flea & Tick Spray #13

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

R & M Regulatory Services, Inc.
5145 Forest Run Trace
Alpharetta, GA. 30202

Note. Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 65636-56."

3. We have agreed by telephone with an officer of your company to change the name of the product to "R & M Aqueous Flea & Tick Spray #13."

4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Signature of Approving Official:

Robert S. Brennis, Acting Product Manager,

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner
inconsistent with its labeling.

SHAKE WELL BEFORE USING

HOLD BOTTLE IN UPRIGHT POSITION WHEN SPRAYING CATS and DOGS: Cover
animals eyes with hands and with a firm stroke to get a proper
spray mist, spray head, ears and chest until damp. With finger
tips, rub into face around mouth, nose, and eyes. Then spray neck,
middle and hind quarters, finishing legs last. For best
penetration of spray to the skin, direct spray against the natural
lay of the hair. On long haired dogs rub your hand against the lay
of the hair, spraying the ruffled hair directly behind the hand.
Make sure spray thoroughly wets ticks. Repeat treatment as needed.

PUPPIES and KITTENS: Treat same as cats and dogs except nursing
puppies and kittens. Spray only along back or on your fingertips
and rub in with your fingertips.

PETS SLEEPING QUARTERS: Spray around baseboards, windows, door frames, wall cracks and local area of floors. If mosquitoes, gnats or flies are present, spray lightly into the air. Repeat as needed. The pet's bedding should be sprayed, making sure the area beneath the bedding is sprayed too. After the spray has dried, remove old bedding and replace with fresh bedding. Treat pets with a registered Flea and Tick Control product before allowing them to enter treated area.

HORSES: To control stable flies, horse flies, deer flies and face flies apply to face, legs, flanks, top line and other body areas commonly attacked by these flies. Repeat treatment as needed.

FOR USE AS A WIPE

DOGS & CATS: Cover pets eyes with hand. Wipe head, ears and chest until damp. Rub into face around mouth, nose, and eyes, avoiding direct contact with the eyes. For best penetration to the skin, direct wipe against the normal lay of the hair. Make sure wipe thoroughly wets ticks. For nursing puppies and kittens, rub only along back of animal. Repeat treatment as necessary.

HORSES & FOALS: Avoid treatment of nursing foals. First, brush animal to remove excess dirt and dust. Rub wipe into face around mouth, nose, eyes, ears and areas where flies are often seen. Then wipe the neck, legs, shoulders, and shanks. Avoid using an excessive amount and do not wet skin. After application, brush thoroughly to bring out a bright sheen on the coat. Repeat as required.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area. Protect from freezing.
Disposal: Do not use empty container. Wrap container and put in trash collection.

**PRECAUTIONARY STATEMENT
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

HUMAN: Harmful if swallowed or inhaled. Avoid breathing mist. Avoid contamination of food. Wash hands with soap and water after using.

ANIMAL: Avoid treatment of nursing kittens, puppies, and foals. If treatment is necessary, spray on tips of fingers and rub into coat.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where run off is likely to occur.

Buyer assumes all risks of use, storage or handling of this product not in strict accordance with this label.
