**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Add the phrase "EPA Registration No. 65636-61" to the label prior to releasing the product for shipment.
3. Regarding the Confidential Statement of Formula:
  - a. Please verify the pH of this product which has been provided in box 8. A value of 3.5 is questionable provided that this product is greater than 98% water and for use directly on the skin of animals.
  - b. The upper certified limit for the water can not exceed 100%.
  - c. Please verify the CAS number which has been provided for the inert ingredient propylene glycol. The Agency does not currently recognize the CAS Number 25322-59-4.
4. Provide the specific reference such as the associated MRID Number for the *Enforcement Analytical Method*. Refer to the Data Requirement matrix which you had submitted, specifically Guideline Regulation 62-3.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL  18 APR 1994

5. Regarding the proposed product labeling: because the **DIRECTIONS FOR USE** indicate that this product is to be sprayed directly into hamster, gerbil, rat, and mice cages only, you may delete the following text from the label, as this specific precaution is associated with space sprays.

In the home, all food processing surfaces, exposed food and utensils, should be covered during treatment, or thoroughly washed before use. Cover or remove fish aquariums before spraying.

6. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6'e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Sincerely,

Mr. Robert S. Brennis  
Acting Product Manager 10
