**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply these granules directly to foliage of shrubs or to ornamental, soft-bodied plants. Do not apply on or near food crops.

**GENERAL:** The most effective control for a pet is the sharply spoken word backed up with disciplinary action. For most effective results on pets, this repellent product should be used in conjunction with training.

To prevent your pet, or stray animals, from soiling flower beds, areas of lawn, trees, shrubbery or evergreens: Apply these granules by hand or with a fertilizer spreader to borders of flower beds; or to ground or grass around the bases of shrubs, trees, and evergreens; or to patches of lawn you wish to protect. Sprinkle enough to cover the treated area lightly (about 4 pounds per 1000 sq. ft.). Repeat applications until the undesirable animal habits are broken. Repeat applications after rains.

To protect garbage cans and rubbish containers from disturbance by dogs and cats, sprinkle the ground or floor around them liberally with granules. Repeat as necessary.

Stray animals are frequently attracted to areas where urine or feces have been deposited. First, remove any droppings, then apply these granules.

**NOTE:** This product is not likely to break the established urination patterns of dogs, unless used as a training aid.

**STORAGE AND DISPOSAL**

**Storage:** Store only in original container, in a dry place inaccessible to children and pets.

**Disposal:** Do not re-use container. Securely wrap in newspaper and discard in trash.

This container is sold by weight, NOT by volume. You can be assured of the proper weight even though some settling of contents normally occurs during transportation and handling.

**PRECAUTIONARY STATEMENTS  
Hazards To Humans and Domestic Animals**

**CAUTION**

Harmful if swallowed. Avoid contact with skin. Use gloves if applying by hands. Wash with soap and water after use. Avoid contamination of food and feedstuff.

Buyer assumes all risks of use, storage or handling of this product not in strict accordance with this label.
