**GENERAL INFORMATION**

**RABBIT AND DEER REPELLENT - RTU** is a contact repellent containing 10% Thiram. It is a specially formulated ready-to-use (RTU), stable suspension which protects Fruit & Nut Trees, Fruit Bushes and Vines, Ornamental Trees & Shrubs, and Nursery Stock from the feeding damage caused by rabbits, deer, and meadow mice. A single application will protect treated parts for as long as 3 months, depending on weather conditions.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**SHAKE WELL BEFORE USING --- KEEP FROM FREEZING.**

Clean application equipment immediately after using before spray dries.

**WHEN TO APPLY:** Apply only when surfaces of plant to be treated are dry and when conditions are favorable for the repellent film to form and set properly. Favorable conditions are moderate temperatures and light winds. Spraying under favorable conditions is also essential to avoid excessive run-off of the diluted repellent.

**SPRAY APPLICATION:** Using the attached sprayer, apply this RTU product as a full coverage spray on trees (before planting), to ornamental plantings, or to other established nursery stock. Apply on Fruit & Nut Trees, Fruit Bushes and Vines, Ornamentals, and other Nursery Stock in late summer or early fall, or when rodent feeding damage is first noticed.

**BRUSH APPLICATION:** Apply on lower trunk of Fruit & Nut Trees or Ornamental plantings from ground level to a height of approximately 2½ feet to protect plants from injury to trunk.

#### SEEDLINGS APPLICATION

**DIP APPLICATION:** Apply to seedling Ornamental Trees or seedling Fruit & Nut Trees before planting by dipping the solution to thoroughly wet the foliage and other parts of the seedling to be protected. Excess repellent should be permitted to run off plants without coming in contact with the roots.

Ornamental, Fruit and Nut Tree Seedlings that are treated with this product must bear distinct labeling that instructs:

**CAUTION:** Treated with Thiram. Wear Rubber Gloves and Protective Clothing when handling products treated with Thiram. Direct exposure to skin may result in severe dermatitis.

**SEEDLINGS AND NURSERY PLANTING STOCK SHOULD BE PERMITTED TO DRY THOROUGHLY BEFORE PLANTING OR STORING.**

#### STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Keep container tightly closed to prevent evaporation. Avoid storage at freezing temperatures. If frozen, thaw completely and stir well before using. Store in tightly closed, original container in an area inaccessible to children.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency, or the hazardous waste representative at the nearest EPA regional office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

**FOR CONTAINERS 1 GALLON OR LESS:** Do not re-use container. Wrap and put in trash.

#### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Call a physician or Poison Control Center. Give one or two glasses of water and induce vomiting by touching finger to back of throat. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.

**IF IN EYES:** Flush with plenty of water. Get medical attention.

**IF INHALED:** Remove victim to fresh air.

**IF ON SKIN:** Remove contaminated clothing and wash affected area with soap and water. Launder clothing before reusing.

**PRECAUTIONARY STATEMENTS**  
**Hazards to Humans and Domestic Animals**  
**CAUTION**

Causes eye and skin irritation. Harmful if swallowed, inhaled or absorbed through skin. Do not get in eyes, on skin, or on clothing. Avoid inhaling of spray mist or dust. Do not use or store near food or feed.  
Consumption of alcoholic beverages increase the toxic effects of thiram.

**ENVIRONMENTAL HAZARDS**

This pesticide product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Drift or runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

**Buyer assumes all risks of use, storage or handling of this product not in strict accordance with this label.**
