PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Caution: May cause eye irritation. Avoid eye contact. Wash thoroughly after handling.
DIRECTIONS FOR USE

STIR WELL BEFORE USING

Use this product in a manner inconsistent with its labeling. For cockroach control, use a small putty knife to apply the bait into and behind refrigerator doors, stoves, sinks, dishwashers, washing machines and dryers, holes, and into openings of cabinets, drawers, shelves, water pipes and electrical conduits, in cracks and crevices along baseboards and in the seams of cabinets, drawers, doors, shelves, water pipes and upper drawers in the kitchen and bathroom cabinets and other furnishings such as dressers, wardrobes and closets. Remove as little as possible into those areas of such furnishings that provide harborage for cockroaches. All areas of the kitchen, bathroom, bedroom, living room, and water heaters and smoke detectors should be treated by placing bait into the cracks and crevices associated with such areas.

For control of other insects, apply as directed on the label. Do not use this product in areas that are inaccessible to children and pets. Avoid contact with food and feed.

DIRECTIONS FOR APPLICATION IN NEW CONSTRUCTION TO CONTROL COCKROACHES When treating large areas, such as wall voids, attics, basements and areas around entry openings in new and existing construction, apply bait liberally into cracks and crevices, including baseboards and areas around entry openings in new and existing establishments, markets, warehouses, laundries, and other food and feed handling establishments, hotels, motels, restaurants, hospitals, group homes, garages, apartment buildings, new constructions, theaters, schools, stores, mobile homes, food service, military bases, prisons and other similar areas.

CRACK AND CREVICE TREATMENT

FOOD AND FEED HANDLING ESTABLISHMENTS. Places other than private residences in which exposed food or feed is held, processed, prepared or served.

FOOD AREA - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY. Includes areas for receiving, storing, packing, canning, wrapping, boxing, preparing, edible waste storage and enclosed processing systems such as mills, dairies, bakeries, restaurants or anywhere food or feed is stored, processed, prepared or served. Serving areas (when food is enclosed and facility is in operation) also would be considered a food area. Apply bait in small amounts directly into cracks and crevices using suitable equipment capable of applying bait directly into cracks and crevices, in ports between different elements of construction, between equipment and floors, openings leading to void and hollow spaces in walls, equipment legs and bases, conduits, motor housings, where cockroaches hide. Care should be taken to avoid depositing the bait onto exposed food and feed processing surfaces, or food serving surfaces to avoid contamination.

APPLICATION OF THIS PRODUCT IN THE FOOD AND FEED AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, IS NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served, such as dining rooms, but excluding areas where food may be prepared or held. Apply bait as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

NON FOOD AREAS - Includes garbage rooms, lavatories, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, tables, and similar areas where insects hide or through which they may enter.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE - Store in a dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL - Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL - Do not use empty container, securely wrap in newspaper and discard.
