US ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (75-767)
WASHINGTON, DC 20460

EPA REGISTRATION NO.
65723-2

DATE OF ISSUANCE
APR 26 1991

TERM OF ISSUANCE

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

A Q 60 Medium Granular

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Aquaclor S.A. de C.V.
Bruselas 805 Col. Mirador
Monterrey, N. L. 64070, Mexico

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 65723-2."
 - b. All handwritten changes on the enclosed stamped copy of the label are required.
3. Submit a follow-up original of your EPA Form 8570-29 on which you have chosen the "cite-all" method.
4. Submit one-year storage stability data within 15 months after the date of this Notice of Registration. (Your 30-day accelerated storage stability data is acceptable on an interim basis.)

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Ruth G. Douglas
Product Manager 32

ENVIRONMENTAL HAZARD

This pesticide is toxic to fish ^{and aquatic organisms.} Do not discharge effluent containing this product into lakes, streams, ponds, estuaries oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

STRONG OXIDIZING AGENT. Will burn with the development of chlorine and toxic gases. Irritation and hazardous chlorine gases are slowly liberated with contact of water. With release of Toxic gases, chemical is decomposed at 460°F to 480° F.

Only use water for mixing. Use clean and dry utensils. Avoid adding this chemical to a device with remnants of any other product. This may cause a reaction, resulting explosive or fire. Contamination with humidity, organic matter or other chemicals may produce a chemical reaction generating heat, release of poisonous gases and possibly fire and explosion.

IN CASE OF FIRE, place container in an open space or where it is well ventilated and inundate it with water if necessary.

IN CASE OF DESCONPOSITION OR CONTAMINATION refrain from resealing container.

INSTRUCTIONS FOR USE

It is against Federal law to use this chemical in manner inconsistent with instructions on labels. INDUSTRIAL USE ONLY. FOR REPACKAGING OR FORMULATING IT INTO A DESINFECTANT, BACTERICIDE SANITIZER, FUNGICIDE OR ALGICIDE. Repackagers and formulators must acquire their own EPA Registration Number to legally distribute this chemical for such uses.

STORAGE AND DISPOSAL

STORAGE: After each use close polyethylene lining and maintain container firmly sealed. Keep in a cool dry space. Avoid water getting into container. Keep container on dry floors. Avoid contaminating food, water or feed in storing and disposing of chemical.

DISPOSAL OF PESTICIDE: Remains of this pesticide may produce irreversible damage to eyes and skin. Burns may be harmful. Inadequate or unsafe disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If unable to dispose of such wastes when used according to instructions on label, for guidance and advice get in touch with your State Pesticide or Environmental Control Agency, or the representative of Hazardous Waste at the closest EPA Regional Office.

CONTAINER DISPOSAL: Empty liner completely by shaking and striking slightly sides and bottom to eliminate clinging particles. Empty remains into application equipment. Do away with liner in a sanitary landfill or incinerate if allowed by local and State authorities. Rinse empty container and dispose of it in the same manner.
