

US ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (TS-767)
WASHINGTON, DC 20460

EPA REGISTRATION NO.

65723-5

DATE OF ISSUANCE

24 FEB 1994

TERM OF ISSUANCE

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

ACT 90 Granular

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Aquaclor S.A. de C.V.
Bruselas 805 Col. Mirador
Monterrey, N. L. 64070, Mexico

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 65723-5."

3. Submit a revised Confidential Statement of Formula (a blank form is enclosed) with an original (new) signature. Enter the correct weights in column 13-a and block 17; these must correspond to the entries in column 13-b.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

EPA REG. NO. 65723-MX-1
EPA EST. NO. 65723-MX-1

FIRST AID: IF SWALLOWED, drink large amount of water. Do NOT induce vomiting. Avoid alcohol. Call a physician or poison control center immediately. IN CASE OF SKIN CONTACT, brush off excess chemicals and flush skin with cold water for at least 15 minutes. If irritation persists, call a physician. IN CASE OF EYE CONTACT, flush eyes with cold water for at least 15 minutes. Get medical attention. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuarine, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS: STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

STORAGE AND DISPOSAL: Pesticide wastes are acutely hazardous. Keep product dry in tightly closed original container when not in use. Store in a cool, dry, well ventilated area away from heat, open flames, organic chemicals and sunlight. Rinse empty container thoroughly with water and discard in trash. Waste resulting from the use of this product can be disposed of on site or at an approved waste disposal site. Do not contaminate water, food, or feed by storage or disposal. Do not reuse empty container. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

DIRECTION FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

POOL START-UP: Fill the chlorinator with Act 90 Granular and adjust the feeder so that the available chlorine is 5-10 ppm.

. Act 90 Granular was manufactured for use in erosion type feeders, where it slowly dissolves as the water flows over the surface of the granulars. If thrown directly into water, Act 90 Granular may stain concrete or vinyl walls.

. 24 hours after filling the chlorinator, check the water with a test kit for chlorine availability. If necessary, adjust the feeder so that the available chlorine is always maintained between 1.0 to 2.0 ppm.

The pH should be maintained between 7.2 and 7.6.

Use pool only when the chlorine residual is between 1.0 - 3.0 ppm.

Frequency of treatment, and dosage is dependent on temperature and bather load.

DOT SHIPPING NAME: Trichloro-s-Triazinetrione, dry, oxidizer.
