Sphere Corp.
Box 4, Box 172
Georgetown, TX 78628

Attention: Mr. Dean Holz

Subject: True Stop Insecticide
EPA Registration No. 66070-1
Your submission of April 24, 1996

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following changes and submit one (1) copy to us before your ship product:

1. Under the "STORAGE AND DISPOSAL" section, include the following "DISPOSAL" statement aligned to the same left margin as "STORAGE":

DISPOSAL: Do not reuse container. Securely wrap in newspaper and discard in trash.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Robert A. Forrest
Product Manager (14)
Insecticide-Rodenticide Branch
Registration Division (H7504C)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is: Coveralls, waterproof gloves, shoes plus socks.

For Control of Fire Ants in sites listed below:

Food/Feed Areas: home gardens, vegetable and field crops, fruit and tree crops, pastures, rangeland.

Non-Food/Non-Feed areas: lawns, turf, sod farms, athletic fields, around buildings not accessible to domestic animals, parks, wildlife areas.

For Mound Treatment Only - Do not use near electrical circuitry!

Mixing Directions:

SHAKE WELL! Dilute at a rate of 2/3 cup of product to one gallon of water.

Application Directions (Mound Treatment Only):

Gently pour diluted product over the entire mound until the tunnels are exposed. Thoroughly drench the entire mound (8-10 ounces of solution per 4" diameter mound). Apply to the mound when the ants are active (when soil temperature is greater than 46°F). Additional treatment may be necessary if excessive precipitation occurs within 24 hrs. after application. If soil is extremely dry, wet mound and surrounding area with water before treatment. Reapplication may be required for larger ant mounds. Allow 14 days before reapplication.

For Control of White Flies on ornamental plants in greenhouses and non-food/non feed site terrestrial areas (nurseries/landscaping plantings)

Mixing Directions:

SHAKE WELL: Dilute at a rate of 0.5 to 3 oz. of product to one gallon of water.

Application Directions: Spray copiously for coverage of upper and lower leaf surfaces. Repeat application at 4 to 10 day intervals as needed. May be tank mixed with other registered insecticides, if allowed on labeling of other products. Do not use chlorine rich water during mixing. Allow 12 hours to re-enter treated area or until spray is dry.

PRECAUTIONARY STATEMENTS

Keep out of Reach of Children.

CAUTION: Harmful if swallowed, or inhaled. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID

IF SWALLOWED: Call a physician or poison control center. Do not induce vomiting. Drink 1 or 2 glasses of water.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF IN EYES: Flush with plenty of water. If irritation persists, get medical attention.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear: Long - sleeved shirt and long pants, waterproof gloves, shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish. Do not apply to water, or to areas where surface water is present or to

STORAGE AND DISPOSAL

STORAGE: Store only in original container in a dry place inaccessible to children and pets. Store between 32°F and 72°F to avoid freezing and temperature extremes.
