Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

66222-45

DEC 12 2001

Term of Issuance: Conditional

Name of Pesticide Product:

Pramitol 2.2L

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Ms. Anne Stout
Registration Specialist
Makhteshim-Agan of North America Inc
551 Fifth Avenue, Suite 1100
New York, NY 10176

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 66222-45".
 - b. Under the "Direction for Use" section change the subheading "Precautions" to "Use Precautions".
3. Submit one (1) copy of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

registered under EPA Reg. No.

PRAMITOL® 2.2 L

HERBICIDE

FOR TOTAL VEGETATION CONTROL OF WEEDS IN NONCROP AREAS

ACTIVE INGREDIENT:	% BY WT.
Prometon: 2,4-bis(isopropylamino)-6-methoxy-s-triazine	2.2%
INERT INGREDIENTS:	97.8%
	TOTAL 100.0%

KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID

- IF SWALLOWED:**
- Call a poison control center or doctor immediately for treatment advice.
 - Have person sip a glass of water if able to swallow.
 - Do not induce vomiting unless told to do so by a poison control center or doctor.
 - Do not give anything by mouth to an unconscious person.
- IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
 - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
 - Call a poison control center or doctor for treatment advice.
- IF ON SKIN OR CLOTHING:**
- Take off contaminated clothing.
 - Rinse skin immediately with plenty of water for 15-20 minutes.
 - Call a poison control center or doctor for treatment advice.
- IF INHALED:**
- Move person to fresh air.
 - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
 - Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

Do not contaminate water used for irrigation or domestic purposes. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL INFORMATION

Pramitol 2.2 L is a nonselective product intended for use after dilution with water and will kill almost all vegetation down to the roots and prevent plant regrowth. When applied to the soil, this product can inhibit plant growth for up to one year. Residual control increases as rates are increased. Use around the home, the business, or workplace where no plant growth is desired. Pramitol 2.2 L is intended for bare ground vegetation control in driveways, sidewalks, brick walks, paths, patios, parking areas, play areas, along fences and curbs, around buildings, and under graveled pathways where plant growth has come through these surfaces.

Do not use on lawns, flower beds, or vegetable gardens. Pramitol 2.2 L should not be applied over the root zones of desirable trees or shrubs. Do not apply in sloped areas where runoff may adversely affect desirable plants.

Although Pramitol 2.2 L has considerable activity through foliar contact, much of its activity is through roots; therefore, its effectiveness is dependent on rainfall to move it into the root zone. Very dry soil conditions and lack of sufficient rainfall may result in poor weed control. For best results, if the soil is dry, water lightly before treatment. Apply Pramitol 2.2 L directly to weeds and grass. Thoroughly wet weeds but do not soak as runoff may occur. Two days following application, lightly water the treated area. This will aid in the killing and prevention of weeds through root absorption.

WHEN TO APPLY

For best results, apply to bare ground or when weed growth is just starting. Weeds taller than 4 inches should be hoed or cut to 1-inch in height before treatment or it may be necessary to make a second application. A second application may also be necessary to control deep-rooted perennial weeds. In areas of heavy rainfall, repeat applications may be required every six months.

For control of annual and susceptible perennial weeds, use the lower rates listed below. For control of hard-to-kill perennial broadleaf and grass weeds, use the higher rates listed below.

Area to be Treated	Lower Rate	Higher Rate	Suggested Amount of Water to Use
25 sq. ft.	4 oz. - 6 oz.	1 1/8 pts - 1 1/2 pts	3/4 gal.
50 sq. ft.	8 oz. - 12 oz.	2 1/4 pts - 3 1/8 pts	1 gal.
75 sq. ft.	12 oz - 18 oz.	3 3/8 pts - 4 11/16 pts	1 1/2 gal.
100 sq. ft.	1 pt. - 1 1/2 pts.	4.5 pts - 6 1/4 pts	2 gal.

Apply using a sprinkling can or other watering or spraying device in sufficient water to get good coverage of the area (refer to suggested amount of water to use in above table). When using a sprinkling can, triple rinse and pour rinsate on area treated once application is complete. Mix only the quantity needed and use immediately. Do not store diluted solution once container is opened.

IMPORTANT: To avoid damage to desirable plants, apply when it is not windy. Windy conditions may cause inadvertent drifting to desirable plants. DO NOT apply over the root zones of desirable trees and shrubs. DO NOT apply to decorative rock or bark groundcovers where the soil is covered with plastic fabric or runoff and/or leaching may result. In heavy clay soil locations, residual activity may exceed one year. DO NOT apply where plantings are planted. Do not apply closer than twice the distance from the trunk to the drip line. Do not apply next to a fence if desirable plants are growing on the other side or if future plantings are planned. Vertically cut through any roots adjacent to root zone of desirable plants. Also follow the precautions listed below.

PRECAUTIONS:

1. Apply when air is calm to avoid the possibility of drift onto desirable plants or grass.
2. Keep away from the roots of desirable plants and trees.
3. Use only in areas where complete control of all vegetation is desired.
4. Pramitol 2.2 L should not be used on cultivated areas, on ground that is to be cultivated, in greenhouses, or near the drip line of trees or shrubs.
5. Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces).
6. Avoid using where adjacent desirable trees, shrubs, or plants may be injured from leaching of the chemical through the soil.
7. Keep children and animals off treated areas until these areas are dry.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store undiluted pesticide in original container. Do not store diluted pesticide solution.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY STATEMENT

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instruction or under abnormal conditions or under conditions not reasonably foreseeable to seller, and buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.
