SUBJECT: Application for Pesticide Notification (PRN 98-10)  
Request Alternate Marketing Language: Comply w/ States of New York &  
Arizona  
"Pravin @/ABN QP Rimsulfuron 25 DF"  
EPA Reg. No. 66222-184  
Application Dated June 18, 2009

Dear Registrant:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 06/18/09 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

A handwritten signature in cursive script that reads "Rachel C. Holloman".

Re: Pruvin: EPA Reg. No. 66222-184 (also marketed under a subset of labeling called Quali-Pro Rimsulfuron 25 DF)  
Notification of Alternate Marketing Language per PRN 98-10

To Whom it May Concern:

Makhteshim Agan of North America, Inc. is notifying the Agency of its intention to add alternate marketing language to the segmented portion of the referenced product (as allowed under 40FR 152.130) as allowed in PRN 98-10. We certify the following:

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula for this product. I understand that it is a violation of 18 USC Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Sections 12 and 14 of FIFRA.

In support of this submission, the following documents are attached:

- Application for registration (EPA Form 8570-1)
- One copy of segmented product labeling with additions marked in yellow

Should you have any questions regarding this submission, please contact me at 901-861-4400 or by email at [annies@manainc.com](mailto:annies@manainc.com).

Sincerely,

Anne Stout  
Registration Specialist

## CAUTION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail).

For additional precautionary, handling and use statements, see inside of this booklet.

### FIRST AID

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact ProSAR at 1-877-250-9291 for emergency medical treatment information.

**WEED CONTROL ALONG ROADSIDES, HIGHWAY MEDIANS, AT INDUSTRIAL PLANT SITES, AND AT UTILITY SUBSTATIONS**  
**(NOT REGISTERED FOR THESE USES IN NEW YORK STATE)**

**GENERAL INFORMATION**

Pravin™ Herbicide may be used in weed management programs along roadsides, highway medians, at industrial plant sites and utility substations for control of a number of grass and broadleaf weeds. Where food and/or feed crops are grown, or in areas where food and/or feed crops are planned to be grown, care should be taken to prevent any direct spray of Pravin™ Herbicide onto, or drift to, these crops or planned planting areas since severe crop injury may occur.

**APPLICATION INFORMATION**

Apply Pravin™ Herbicide at 4 ounces per acre in a broadcast application making sure that coverage is uniform. Use a minimum of 10 gallons of spray solution per acre. Nozzle selection should meet manufacturer's spray volume and pressure recommendations for preemergence or postemergence herbicide applications.

**Preemergence:** Pravin™ Herbicide must be activated by rainfall and applied when soil temperatures are cool for best preemergence and residual activity. Make applications to take advantage of normal rainfall patterns (minimum of 1/2 inch) and cooler temperatures. For best results, moisture for activation should occur within 2 to 3 weeks after application. To provide a broader spectrum of residual weed control, Pravin™ Herbicide may be applied in a tank mixture with other registered preemergence herbicides. When weeds are present at application, include a labeled burndown herbicide, such as glyphosate, paraquat, or glufosinate, with an appropriate adjuvant. When applied according to the use directions, Pravin™ Herbicide will provide residual (preemergent) control of the following weeds:

**PREEMERGENCE**

**GRASSES**

- Barnyardgrass
- Crabgrass, Large
- Foxtails (Giant, Green, Yellow)

**BROADLEAVES**

- Filaree, Redstem
- Fleabane, Hairy
- Mallow, Common
- Marestail/horseweed<sup>1</sup>
- Mustard, Black
- Pigweeds (Redroot, Smooth)
- Puncturevine

NOTIFICATION  
OCT 22 2008

1. Naturally occurring resistant biotypes of this weed are known to exist in some areas of the U.S. Pravin™ Herbicide will not control these biotypes.

**Postemergence:** For best results, make postemergence applications of Pravin™ Herbicide to young, actively growing weeds and include a spray adjuvant. Refer to the label of the tank mixture partner(s) for any additional use instructions or restrictions. Follow the most restrictive labeling of any of the tank mix component products.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency in your State responsible for pesticide regulation.

NOTIFICATION

06-27-2009

**AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 4 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants, soil, or water is:

- Coveralls
- Chemical-resistant gloves made of any waterproof material such as polyethylene or polyvinylchloride
- Shoes plus socks

**IMPORTANT:** Quali-Pro Rimsulfuron 25 DF is recommended for use in most states. Check with your agricultural dealer, state cooperative extension service, or Department of Agriculture before use to be certain Quali-Pro Rimsulfuron 25 DF is registered in your state. Read the entire use directions and Limitations of Warranty and Liability before using Quali-Pro Rimsulfuron 25 DF.

**State Specific Restrictions:**

- The state of Arizona has not approved this product for use on agricultural sites. Do not use this product on uses considered by the Arizona statutes to be agricultural uses.

**SPRAY DRIFT MANAGEMENT**

Avoiding spray drift at the application site is the responsibility of the applicator. The interaction of many equipment- and weather-related factors determines the potential for spray drift. The applicator is responsible for considering all these factors when making application decisions. To minimize spray drift, the applicator should be familiar with and take into account the following drift reduction advisory information. Where states have more stringent regulations, they should be followed. Additional information may be available from state enforcement agencies or the state cooperative extension service on spray drift management.
