Dear Ms. Yentel:

Subject: Correction to an Agency letter sent on June 23, 2011
Quali-Pro Imidacloprid 0.5G Insecticide
EPA Registration No. 66222-200
Submission Date of Corresponding Action: January 31, 2011

In an email dated July 6, 2011, it was brought to my attention that a letter sent by the Agency dated June 23, 2011 contained an erroneous acceptance date of a basic CSF superseded by a new basic CSF. Please note that the Confidential Statement of Formula dated June 6, 2011 for the basic formulation agrees with the label claim in compliance with PR Notice 91-2 and is acceptable. The revised basic CSF will replace the previously accepted basic CSF dated **July 21, 2009** (not dated July 6, 2011, as previously stated in the June 23, 2011 letter). All other information in the Agency letter dated June 23, 2011 is correct. If you have any questions concerning this letter, please contact me at (703) 347-0156 or urbanski.jennifer@epa.gov.

Sincerely yours,

A handwritten signature in black ink, appearing to read "J. Urbanski".
