Antimicrobials Division (7510P)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

66251-2

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

EPA Reg. Number:
66251-2

Date of Issuance:
November 5, 2007

Term of Issuance:
Unconditional

Name of Pesticide Product:

SBT 2 to 1

Name and Address of Registrant (include ZIP Code):

Melaleuca, Inc.
3910 South Yellowstone
Idaho Falls, ID 83402

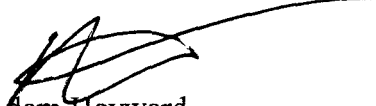

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 66251-2."
 - b. On page 2 of the proposed label, delete the statements "First botanical" and all-natural."
 - c. On page 2, delete the word ["Safe"]...for use on acrylic...."
 - d. On page 2, change "ceramic" to "glazed ceramic."

Signature of Approving Official:

Adam Heyward
Product Manager 34
Regulatory Branch II
Antimicrobials Division (7510P)

Date:
November 5, 2007

- e. Refer to the Agency's policy regarding the use of the term "germs" (<http://www.epa.gov/oppad001/germs.htm>). Correct the labeling accordingly.
 - f. Add potable water rinse direction for children's toys and jock cups.
 - g. The label claim "Kill 99.9% of bacteria and viruses" can not be extended to all organisms listed on the label; as some of the efficacy tests performed are not quantitative. Correct the label to clarify which organisms this claim references.
 - h. Reduction for food contact sanitizing rinses is 1 minutes. Correct the label by changing "30 seconds" to "1 minute."
 - i. Claims for deodorizing, adequate dosage recommendations and complete directions for use must be included on the label.
 - j. The symbol or picture and the word "EcoSense®" implies non-toxicity are unacceptable on the draft label and therefore must be deleted.
3. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Adam Heyward
Product Manager 34
Regulatory Branch II
Antimicrobials Division (7510P)

ACCEPTED
with COMMENTS
in EPA Letter Dated:
NOV 5 2007

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 66251-2

[Text in brackets are for reviewing purposes and will not appear on the final printed label]

Kills 99.9% of bacteria and viruses* on hard, nonporous surfaces.

SBT 2 to 1 Concentrate is the first botanical disinfectant formula to combine all-natural thyme oil and citric acid. It is proven to kill 99.9% of bacteria and viruses* on hard, nonporous surfaces. Your whole family can breathe easier knowing that the germ-killing* power of thyme oil not only makes an effective disinfectant, but it also infuses your home with the pleasant scent of the herb thyme.

SBT 2 to 1 Concentrate contains no bleach or phosphates, creates no harsh fumes, and leaves no harmful residue.

* Kills 99.999% *Staphylococcus aureus* (staph), and *Escherichia coli* (E. coli) in 30 seconds. Disinfects against *Staphylococcus aureus* (staph), *Escherichia coli* (E. coli), *Salmonella enterica* (salmonella), *Pseudomonas aeruginosa*, *Streptococcus pyogenes* (strep), Poliovirus type 1, Influenza A virus (Hong Kong Strain), and Rhinovirus Type 37 in 10 minutes.

For use in homes on faucets, sinks, drains, doorknobs, telephones, external surfaces of microwaves & refrigerators, appliances, countertops, light switches, tables, toilet seats, pet habitats, litter boxes, garbage cans, children's toys, high chairs, changing tables, computer keyboards & mice, prostheses & orthotics, sports equipment such as jock cups & helmets, and any other nonporous surface where bacteria, viruses, or unpleasant odors are a concern. Safe for use on acrylic, ceramic, chrome, fiberglass, glass, vinyl, laminated, and synthetic surfaces. Do not use on natural marble or stone.

Manufactured By:

Melaleuca Inc., Idaho Falls, ID 83402-6003

To order: 1-800-282-3000 · www.melaleuca.com

Product of USA #XXXXX 08/07U

EPA Reg. No. 66251-R

EPA Est. No.: 66251-ID-003 or EPA Est. No.: 66251-ID-001 or EPA Est. No.: 66251-TN-001

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TO DILUTE: Pour **SBT 2 to 1 Concentrate** into mixing spray bottle (#XXXXX [SKU# for bottle to be determined]) to line and fill with water or add XX fl. oz. concentrate to XX fl oz. water [The fl. oz., using 1:1 ratio, to be determined depending on size of spray bottle]. Avoid splashing.

TO CLEAN: Spray diluted product on area to be cleaned and wipe or rinse away.

[Text in brackets are for reviewing purposes and will not appear on the final printed label]

TO SANITIZE: Spray diluted product on surface until thoroughly wet. Let stand 30 seconds. Wipe and let air dry. No rinsing is necessary.

TO DISINFECT: Preclean surface to remove soil before disinfection. Spray diluted product on surface until thoroughly wet. Let stand 10 minutes before wiping. No rinsing is necessary.

Do not mix with an active chlorine source such as household bleach or sodium hypochlorite. Do not mix with strong bases such as lye or sodium hydroxide.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Do not reuse this container. Place in trash or offer for recycling if available.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

Caution: Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating or drinking.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue to rinse eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. To contact a regional poison center, call 1-800-222-1212.
