Anderson Affiliates, Inc.  
 Enzymes Plus Division  
 1451 Sugar Creek Blvd.  
 Sugar Land, TX 77478

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 66301-1".
  - b. Add the phrase to the front label "Keep out of reach of children" and make certain both this statement and the signal word (Caution) are of the proper point size as shown in 40 CFR 156.10.
  - c. Remove the word organic from the phrase "UBIX is made from biodegradable organic materials". Supply information regarding this product's biodegradability.
  - d. Remove the phrase "Promotes healing of skin sores or abrasions. This is a medicinal claim that would have to be authorized by FDA.

Signature of Approving Official

Date

20 JUN 1994

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Robert S. Brennis  
Acting Product Manager 10  
Insecticide & Rodenticide Branch

UBIX 0071 ANIMAL CARE PRODUCTS MASTER LABEL  
=====

CONTROL & REPELL FLEAS, FLYS & TICKS. ANIMAL AND BARNYARD  
DEODORIZER: DOGS & CATS, CATTLE & HORSES, - WASH DOWN FOR  
CONFINEMENT HOGS & PENS - APPLY BATH, SPRAY OR DIP TANK

It is a violation of Federal Law to use this product in a  
manner inconsistent with its labeling.

CAUTION:

Hazards to Humans and Domestic Animals

Avoid contact with eyes. In case of contact flush eyes with  
plenty of water. Get medical attention if irritation  
persists.

UBIX is made from biodegradable ~~organic~~ materials that  
when mixed with water will destroy offensive odors and  
becomes an effective bath, washdown, dip tank or spray  
treatment repelling insects and deodorizing animals,  
barnyard areas and waste deposits. ~~Promotes healing of -~~  
~~skin sores or abrasions.~~ Aids in the debridement of scabs  
or dead tissue.

DIRECTIONS FOR USE

FOR DOGS: Achieve best results by tub bath use warm water  
with animal submerged to head. As tub fills, add 4 oz UBIX.  
Scoop bubbles from water surface, place in ears, fold ear  
flap gently palpate to moisten ear. Wipe out ear mites  
with wet wash cloth. Allow pet to stand, mix 4 oz UBIX and  
2-3 cups of bath water, use as a shampoo. Rub deep into  
coat areas where fleas nest and breed. Once thoroughly  
wetted, ticks will relax and drop off. Rinse thoroughly  
with tub water. Follow with clean water rinse. Dry with  
soft towel. FOR NONTUB Use: Mix 4 oz with 5 gal warm  
water. Soak pet to skin with soft cloth. Mix 6 oz UBIX with  
2-3 Cups water. Work into coat as described above. Rinse  
with clear water. Dry.

20 JUN 1994

Under the Federal Insecticide,  
Fungicide and Rodenticide Act  
as amended, or the pesticide  
registered under EPA Reg No.  
66507-1

**CATS:** Use 2 oz UBIX in small tub or sink filled with warm water. Cover arms with heavy sleeves or long rubber gloves, submerge cat. Do not rinse. Towel dry.

**TO CONTROL SEVERE FLEA AND TICK INFESTATIONS AND "HOT SPOTS" REPEAT WEEKLY FOR 3-6 WEEKS AS REQUIRED, THEREAFTER MONTHLY**

**RANGE CATTLE:** Fill dip tank with water that is slightly warm or has been warmed by the sun. Mix 2 Gal UBIX to 500 gal water. Submerge each animal for a few seconds. Do not rinse. Replenish dip with water & UBIX when solids accumulate or tank water level reduces appreciably.

**DAIRY HERDS:** For spray or hand application: If by spray, mix 1 gallon UBIX per 500 Gal tepid/warm water, spray animal thoroughly do not rinse. If by hand, use 4 oz UBIX to 5 gal tepid/warm water. Wet thoroughly. Do not rinse.

**HORSES:** Currycomb or brush well. Apply 4 oz UBIX mixed with 2-3 gal tepid water. Solution may be applied with gentle spray sponge or soft brush. Wet horse down to its hide. Apply generously to entire animal. Do not rinse off. Animal is now deodorized and will repel insects. Gives coats a beautiful sheen.

**HOG WASH:** Clean confinement area by thoroughly spraying with a solution of 50 gal tepid/warm water to 1 gal UBIX. Apply to walls, ceilings and floors. Do not rinse. Apply to animal with an aerating spray, overhead or hand held. If a misting spray is used continuously, double the dilution ratio. Do not rinse. If applied by hand use sponge or soft brushes, mix 6 oz UBIX with 5 gal water. Do not rinse.

**GENERAL:** After first treatment apply as frequently as necessary when insects once again seem to be attracted to animals. Always dilute with water otherwise a sticky residue will remain on the animal. Control barnyard odors by rinsing stanchions, walls, floor areas and manure piles with a solution of 1 gal UBIX to 50 Gal water.
