Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
66306-10

Date of Issuance:  
SEP 10 1997

Term of Issuance: Conditional

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

Name of Pesticide Product: Safari  
Insect Repellent

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

AMON-RE Inc.  
c/o Technology Sciencies Group Inc.  
1101 17th Street, N.W., Suite 500  
Washington, DC 20036

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 66306-10".
- b. Delete the claim, "Maximum Protection".

Signature of Approving Official:

Marion J. Johnson, Jr.

*See page 2*

Date:

*September 10, 1997*

page 2  
EPA Reg. No.

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

for  
Marion J. Johnson, Jr.

## SAFARI INSECT REPELLENT [SPRAY]

### *Optional text*

[{insert trade name} was invented in 1951 by Col. C. Coll, an avid Canadian outdoorsman. Since it's introduction, {insert trade name} has been repelling flying and crawling pests during outdoor activities ranging from fishing and camping trips to gardening.]

[insert trade name] protects for 8 hours against mosquitoes and black flies. [insert trade name] also protects against chiggers, ticks, biting flies, no-seeums, gnats, and other insects.

### **DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Read all directions and precautions before using this product.**

[directions for lotion product]

Dispense a small quantity into hands and apply over all exposed skin, avoiding eyes and mouth. For chiggers and ticks, apply to socks and cuffs. Use just enough repellent to cover exposed skin and/or clothing. Do not apply under clothing. Do not apply over cuts, wounds, or irritated skin, and do not apply to the hands of young children. Wash hands after applying. Do not use under clothing. May damage furniture finishes, plastic, painted surfaces, synthetic fabrics. Use just enough repellent to cover exposed skin and clothing. Avoid overexposure - frequent reapplication and saturation are unnecessary for the effectiveness of Safari Insect Repellent spray. After returning indoors, wash treated skin with soap and water. Wash treated clothing.

[directions for spray product]

Dispense a small quantity into hands and apply over all exposed skin, avoiding eyes and mouth. For chiggers and ticks, apply to socks and cuffs. Do not spray directly on face. Do not spray in enclosed areas or near heat or open flame. Use just enough repellent to cover exposed skin and/or clothing. Do not apply under clothing. Do not apply over cuts, wounds, or irritated skin, and do not apply to the hands of young children. Wash hands after applying. Do not use under clothing. May damage furniture finishes, plastic, painted surfaces, synthetic fabrics. Use just enough repellent to cover exposed skin and clothing. Avoid overexposure - frequent reapplication and saturation are unnecessary for the effectiveness of Safari Insect Repellent spray. After returning indoors, wash treated skin with soap and water. Wash treated clothing.

### **PRECAUTIONARY STATEMENTS:**

#### **HAZARDS TO HUMANS**

**WARNING** - Causes substantial but temporary eye irritation. Harmful if swallowed. Do not get in eyes or on lips. Not recommended for use on infants and toddlers. Use of this product may cause skin reactions in rare cases.

598

**FIRST AID**

**IF IN EYES:** Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. If irritation persists, get medical attention.

**IF SWALLOWED:** Call physician or poison control center. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. If you go to a doctor, take this repellent with you.

**IF ON SKIN:** May cause skin reactions in rare cases. If you suspect that you or your child is reacting to this product, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent with you.

**NOTE TO PHYSICIAN**

Probable mucosal damage may contraindicate the use of gastric lavage.

**PHYSICAL AND CHEMICAL HAZARDS**

**Flammable.** Keep away from heat and open flame.

**STORAGE AND DISPOSAL:** Store in a cool, dry area asay from heat. Do not reuse empty container, wrap container and put in trash.
