EPA Reg. No. 66330-59
Agency Initiated Action
Decision number 463897

Dear Dr. Akers:

In the Agency letter dated January 3, 2012, the Agency approved amended labeling for this registration with the condition that specific label revisions be made to the January 3, 2012 label stamped "Accepted with Comments." This letter further amends the January 3, 2012 label stamped "Accepted with Comments" by requiring the following additional revision:

- On page 31 under Buffer Zone Credits, insert a third bullet and the following text to read as follows: "10% reduction in buffer zone distance IF the Symmetry™ application system is used with a tarp that qualifies for a credit and the application rate is ≤ 100 pounds a.i./treated acre. The 10% credit for the Symmetry™ application system is added to the buffer zone credit for the tarp. For example if the Symmetry™ application system is used with a tarp that qualifies for a 40% credit the total credit for the tarp and the application system would be 50%."

The label associated with this change has been previously stamped "Accepted with Comments" and is dated January 3, 2012. Submit one copy of the final printed label that incorporates the required change before the product is released for shipment. If you have any questions, please contact Andrea Mojica by phone at 703-308-0122 or via email at mojica.andrea@epa.gov or Mary Waller by phone at 703-308-9354 or via email at waller.mary@epa.gov.
