Application Dated January 26, 2009

Dear Mr. Washburn:

The Agency is in receipt of your subject Applications for Pesticide Notification under Pesticide Registration Notices (PRN) 2007-4 and 98-10 for the subject products.

The Registration Division (RD) has conducted a review of this request for applicability under PRN-2007-4 and PRN 98-10 and finds that the label changes requested fall within the scope of these PR Notices. The labels have been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

Sincerely,

A handwritten signature in cursive script, appearing to read "Marilyn A. Mautz".
