JUN 0 3 2009

Subject:

Notification of Label Change per PR Notice 98-10

Acephate 75 SP Homeowner EPA Registration No. 66330-358

Dear Mr. Washburn:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated May 14, 2009 for the product Acephate 75 SP Homeowner. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The Confidential Statement of Formula (CSF) and/or label submitted with the application has (have) been stamped "Notification" and will be placed in our records.

If you have any questions, please call me directly at 703-305-5967.

Sincerely,

Jennifer Gaines

### UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

Bill Washburn Arysta LifeScience North America, LLC 15401 Weston Parkway, Suite 150 Cary, NC 27513

JUN 0 3 2009

Subject: Label Notification(s) for Pesticide Registration Notice 2007-4

Dear Mr. Washburn:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated May 14, 2009 for:

EPA Registration No. 66330-354 Acephate 75 SP

EPA Registration No. 66330-358 Acephate 75 SP Homeowner EPA Registration No. 66330-359 Acephate 80S Seed Treater

EPA Registration No. 66330-360 Acephate 97 EG

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-5967.

Sincerely,

Jennifer Gaines

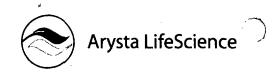

Wildlife Biologist

Acephate 75 SP Homeowner EPA Reg. No. 66330-358

Notification of Label Change per PR Notice 2007-4 and PR Notice 98-10

Dear Ms. Eagle:

Please find the following enclosed:

- Application for Pesticide Registration (Other) dated 05/14/09.
- One highlighted copy of subject label, showing all changes.
- One clean copy of the subject label.

Notification of label change per PR Notice 2007-4. This notification is consistent with guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140. 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 USC Sec 1001 to willfully make any false statement to EPA. I further understand that if the amendment is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Also in this submission, we are using PR Notice 98-10 to update the name of the company, emergency telephone numbers and warranty. Arysta LifeScience North America Corporation was changed to Arysta LifeScience North America, LLC.

Should you have any questions or comments, please do not hesitate to contact me at 901-432-5118 or by e-mail at <a href="mailto:bill.washburn@arystalifescience.com">bill.washburn@arystalifescience.com</a>

Sincerely,

Bie Washlum

PR Notice 2007-4

#### ACEPHATE 75SP HOMEOWNER Low Odor

CONTROLS: Aphids, Armyworms, Bagworms, Budworms, Cankerworms, Cuban Laurel Thrips, Flower Thrips, Gypsy Moth, Lace Bugs, Leaf Beetles, Leafhoppers, Leaf Miners, Leafrollers, Leaf Tiers, Loopers, Mealybugs, Pine Tip Moth, Sawflies, Spittlebugs, Scale (crawlers), Spider Mites, Tent Caterpillars, Webworms, Whitefly, and other listed leaf eating caterpillars and worms.

FOR USE ON: Ornamentals, Trees, Shrubs and Flowers around the home.

For Outdoor Home Use Only
Kills Imported Fire Ants Effectively
Ready-to-use for Dry Treatment of Individual Fire Ant Mounds
For use on Recreational Areas
Around the Home for Control of Fire Ants

#### 

## KEEP OUT OF REACH OF CHILDREN CAUTION See [Side] [Back] Panel For Additional Precautions

FIRST AID		
IF SWALLOWED:	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.	
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.	

	Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED:	Move person to fresh air.  If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.  Call a poison control center or doctor for further treatment advice.

#### **NOTE TO PHYSICIAN**

Acephate is a cholinesterase inhibitor. Atropine is antidotal. 2-PAM is also antidotal and may be used in conjunction with atropine but should not be used alone.

**EMERGENCY TELEPHONE NUMBERS:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For 24 HOUR EMERGENCY MEDICAL ASSISTANCE CALL: 1-866-303-6952 FOR CHEMICAL EMERGENCY: Spill, leak, fire, exposure, or accident call CHEMTREC 1-800-424-9300

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse. When handling this product, wear chemical resistant gloves, long pants, and long sleeved shirt. When using outdoors, spray with the wind to your back and do not use when wind speeds are 10 mph or more. Wash the outside of the gloves with soap and water before removing. Do not allow people or pets to come into contact with treated surfaces until sprays have dried or until dusts have settled.

#### ENVIRONMENTAL HAZARDS

This product is toxic to birds. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with it labeling.

READ ENTIRE LABEL, USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

ACEPHATE 75SP HOMEOWNER effectively controls many of the insects that attack trees, shrubs and flowers around the home. ACEPHATE 75SP HOMEOWNER controls insects on contact and is systemically absorbed by plants.

#### DIRECTIONS

NOT FOR INDOOR RESIDENTIAL USE. DO NOT APPLY THIS PRODUCT IN A WAY THAT WILL CONTACT PEOPLE OR PETS.

NOT FOR USE ON HOME LAWNS (except for Fire Ant mound and Spot treatment).

Mix thoroughly and spray entire plant covering both sides of foliage thoroughly. For specific directions refer to table below. May be applied with a teaspoon measure for dry powder or a sprinkling can as a drench for treating fire ant mounds.

#### COMBINATION SPRAY WITH FUNGICIDE OR FERTILIZER ON ROSES

ACEPHATE 75SP HOMEOWNER may be used together with triforine or captan or 8-12-4 rose fertilizers at the rates recommended on each product label. Apply fungicides on a regular schedule for disease control; add ACEPHATE 75SP HOMEOWNER only when necessary for insect control. Do not apply more than two consecutive applications of ACEPHATE 75SP HOMEOWNER in combination with any of the above fungicides.

Rate to apply: Apply 1 1/2 level Tablespoonfuls (or 9 grams) to 3 gallons water. Spray as aphids appear. Repeat if reinfestation occurs.

Honeylocust, Fir, Hemlock, Spruce, Camellia, Azalea, Oak, Rose

For the following hard-to-control pest: Apply 1 1/2 Tablespoonfuls (or 9 grams) per 2 gallons water. Apply with suitable equipment. Thoroughly spray foliage and soil beneath plants. Begin applications in mid-June and make 3 more applications at 3-week intervals.

PEST	PLANTS
Black Vine Weevil	Azalea, Rhododendron, Yew (Taxus sp.)

PEST	PLANTS
Imported Fire Ant	For use Only as a Mound or Spot Treatment

Entire colonies are destroyed within 3 to 7 days. Treat new mounds as they appear.

WHEN TO APPLY - For best results, apply in the early morning or late afternoon when ants are active. Applications made during the hottest part of the day or during prolonged hot or dry conditions may be ineffective due to ants being deep within the nest. Treat mounds when soil temperatures are between 60° to 80°F because that is the time of greatest foraging activity of the ants. Try not to disturb mounds while treating. Do not apply during a heavy dew or just before a rain. Grass in treated area may be killed.

#### Individual Mound Treatment

Dry Treatment - Sprinkle 2 teaspoonfuls dry powder over each mound. DO NOT WATER IN.

Note: This method of treatment is usually preferred over the drench treatment (see below) because it does not disturb the mound. This is important because unaffected fire ants may relocate the mound to a new area nearby if mound is disturbed. One pound applied as a dry powder treats up to 108 medium size mounds.

Drench Treatment - Mix at the rate of 1 ounce in 5 gallons of water. Apply one gallon of mix to each mound area by sprinkling the mound until it is wet and treat a 4 foot diameter circle around the mound. One pound will treat approximately 80 medium-sized mounds (1 to 2 ft. in diameter).

REGISTRATION/AMENDMENTS/ACEPHATE 75 HO (252-012802) First Aid update Submitted 9-29-05 jb EPA APPROVED ON 12-12-05 EPA RED revisions 122106 Clean Rev 060309 AD091007

Red Harvester Ants (Red Ants) - Follow above directions for Individual Mound Treatment. Treat all mounds and repeat treatment if ants reappear.

Keep children and domestic animals off treated areas until these areas are completely dry or until the dust has settled.

NOTE: Apply this product only as specified on this label. Arysta does not advise application on American Elm, Flowering Crabapple, Sugar Maple and Cottonwood, as foliage injury may occur. Clean sprayer after use by flushing with water. Do not use household bleach as a cleaning agent.

#### STORAGE AND DISPOSAL

**PESTICIDE STORAGE:** Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area. Do not store diluted spray.

**PESTICIDE DISPOSAL:** Nonrefillable Container. Do not reuse or refill this container. Offer for recycling, if available, or dispose of bag in a sanitary landfill or by incineration, if allowed by state and local authorities.

IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

#### **Warranty and Disclaimer Statement**

The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Such risks may arise from weather conditions, soil factors, off-target movement, unconventional farming techniques, the presence of other materials, the manner of use or application, or other unknown factors, all of which are beyond the control of Arysta LifeScience North America, LLC ("Arysta"), and can cause crop injury, injury to non-target crops or plants, ineffectiveness of the product, or other unintended consequences. To the extent consistent with applicable law, all such risks shall be assumed by the user or buyer.

Arysta warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks described above, when used in accordance with the Directions for Use under normal conditions. This warranty does not extend to the use of this product contrary to label instructions or under conditions not reasonably foreseeable to Arysta, and is subject to the inherent risks described above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ARYSTA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, ARYSTA, MANUFACTURER, AND SELLER DISCLAIM AND SHALL NOT BE LIABLE FOR

ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE, HANDLING, APPLICATION, STORAGE, OR DISPOSAL OF THIS PRODUCT OR FOR DAMAGES IN THE NATURE OF PENALTIES, AND THE USER AND BUYER WAIVE ANY RIGHT THAT THEY MAY HAVE TO SUCH DAMAGES. NO AGENT, REPRESENTATIVE OR EMPLOYEE OF ARYSTA IS AUTHORIZED TO MAKE ANY WARRANTY, GUARANTEE OR REPRESENTATION BEYOND THOSE CONTAINED HEREIN OR TO MODIFY THE WARRANTIES CONTAINED HEREIN. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE TOTAL LIABILITY OF ARYSTA, MANUFACTURER, AND SELLER, SHALL BE LIMITED TO THE PURCHASE PRICE PAID, OR AT ARYSTA'S ELECTION, THE REPLACEMENT OF THE PRODUCT.
