Pullman, WA 99163

Attention: Dr. Leonard Askham

Subject: Bird Shield Bird Repellent Concentrate
EPA Registration No. 66550-1
Your submissions of October 1 and 25, 1995

We will hook up the three cover pages, submitted with your October 1, 1995, letter, to the raw data previously submitted and request an MRID number. If we need more information, we will inform you.

We could not consider the label for "Non-fishbearing bodies of standing water" at the present time for the following two reasons:

1. When you add a site to a label, you need to submit a revised Certification Statement to satisfy the data compensation provisions of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).
2. You need to add additional information about this new site, such as:
 - a. pests to be controlled
 - b. behavior to be controlled
 - c. detail on site [Is it by an airport, in a cornfield? Is temporary or permanent?]

Also, list the MRID number for the efficacy data.

After clarifying the use, resubmit your label for review.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following labeling changes before you ship product:

- ✓ 1. Align "Active Ingredient" and "Inert Ingredient" to the same left margin.
- ✗ 2. After "high water", add "mark."

12/20/95
LJA

3. Change your "biodegradable material" statement as follows:

BIODEGRADABLE MATERIAL - USE BY: [Insert date before shipping product.]

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Robert A. Forrest
Product Manager (14)
Insecticide-Rodenticide Branch
Registration Division (H7504C)

In EPA Letter Dated

WARNING
KEEP OUT OF REACH OF CHILDREN

NOV 15 1995

Hazards to Humans and Domestic Animals

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
66550-1

Warning

Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes or on clothing. When handling (including mixing, loading and application) wear safety glasses and dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C). Wash thoroughly with soap and water.

FIRST AID

IF IN EYES: Hold eyelids open and flush with a steady stream of water for 15 minute. Call a physician if irritation persists.
IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting. Do not induce vomiting or give anything by mouth to an unconscious person.
IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions. This product may be used to limit feeding by robins (*Turdus migratorius*), starlings (*Sturnus vulgaris*), Cedar waxwings (*Bombycilla cedrorum*), jays, magpies and crows (*Corvidae*), ravens (*Corvus spp.*), finches and sparrows (*Fringillidae*) and other types of fruit-eating birds on ripening cherries, blueberries and grapes.

Preparation and Mixing Directions. Warm, in the sun or a water bath to 75°F if any part of the formulation has solidified. Mix liquid concentrated solution with a blade or paddle until ingredients are evenly distributed before adding to water. Reapply if heavy rains wet surfaces within 24 hours. Do not mix with other pesticides or fertilizers.

Application Directions -

Blueberries, cherries and grapes. Mix 1 part Bird Shield Repellent with 99 parts of water. Agitate well before application.

Apply mixture with a commercial or back-pack sprayer, hand-held hose or pressurized applicators. Begin applications when fruit begins to ripen or birds begin feeding on crop. Thoroughly wet all fruit and foliage until solution runs off surfaces. Apply every 6 to 8 days or when odor can not be detected. Repeat as necessary to maintain repellency. Harvest 6 to 8 days after last treatment or after all odor or taste of the product has dissipated (whichever occurs last).

Do not apply this product to wet surfaces. Repeat treatment if heavy rains occur within 24 hour of application.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal

STORAGE: Store only in original container apart from pesticides, fertilizers, food or feed that may cause cross-contamination from odor and inaccessible to children, pets and domestic animals. Avoid freezing or placing containers in direct sunlight. If frozen slowly thaw and remix contents. Keep tightly closed when not in use.

REPELLENT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at a waste disposal facility by exposing to direct sunlight until all odor or the product has dissipated or in accordance to Federal or State Procedures.

CONTAINER DISPOSAL: Triple rinse. Offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
