U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
66591-5

Date of Issuance:  
SEP 13 1993

Term of Issuance:  
Conditional

NOTICE OF PESTICIDE:  
  X   Registration  
       Reregistration  
  
(under FIFRA, as amended)

Name of Pesticide Product:  
Coppernate 250 Wood  
Preservative

Name and Address of Registrant (include ZIP Code):

Green's Products, Co.  
810 Market Avenue  
Richmond, CA 94801-1325

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Add the phrase "EPA Registration No. 66591-5" to your label before you release the product for shipment.

3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

Signature of Approving Official:

151

Date:

SEP 13 1993

page 2  
EPA Reg. No. 66591-5

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

The alternate formulation dated May 19, 1993 but received on September 8, 1993 is not acceptable. Submit a revised Confidential Statement of Formula (CSF) with sufficient Copper Naphthenate in column 13.a. to meet the nominal label declaration of 20%. According to our calculations ( $1472.4/5803.15 = 25.37\% \times 68\%$  [EPA Reg. No. 1022-528]), it equals only 17.25%. Correct the CSF so equals 29.4 and 20%. Also, assure that the alternate formulations has the same certified limits for each active ingredient as the basic formulation.

Cynthia Giles-Parker  
Product Manager (22)  
Fungicide-Herbicide Branch  
Registration Division (H7505C)

Enclosure

ACCEPTED  
with COMMENTS  
in EPA Letter Dated

SEP 13 1993

Under the Federal Insecticide  
Fungicide, and Rodenticide Act  
registered for the pesticide  
labeled under EPA Reg. No.  
66591-5

**PRECAUTIONARY STATEMENTS**

Hazards to humans and domestic animals

**WARNING**

**HARMFUL OR FATAL IF SWALLOWED**

Causes eye and skin irritation. Harmful if absorbed through skin. Do not get in eyes or skin or on clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Contaminated clothing should be removed and washed thoroughly before reusing. Use in well ventilated area.

**STATEMENT OF PRACTICAL TREATMENT**

- IF IN EYES** Immediately flush with a large quantity of water and get medical attention
- IF ON SKIN** Wash thoroughly with plenty of soap and water. Get medical attention if irritation persists
- IF INHALED** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention
- IF SWALLOWED** Do not induce vomiting. CALL A PHYSICIAN IMMEDIATE

**ENVIRONMENTAL HAZARDS**  
This product is toxic to fish. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of containers and wastewater. Apply this product only as specified on the label.

**Physical or Chemical Hazards**  
Do not use, pour, spill or store near heat or open flame. Use only with adequate ventilation. Close container when not in use.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a secure, well ventilated area protected from extreme temperatures. If the product has been spilled or is leaking, remove the source of the spill or leak. Recover free liquid. Spread absorbent then pick up and place in containers. Then, where applicable, wash area with detergent and water. Store product in the original container only. Do not contaminate water, food or feed by storage or disposal. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticides, spray mixture or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.
