Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 66617-2."
  - b. The proposed label claim for mosquitoes is not supported by efficacy data and must be deleted. Representative field studies are required to support the claim. It is suggested that the Product Performance Guidelines be consulted for details of the field testing requirement.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its label.

Remove the tablecloth from its sealed package just before use and set your picnic or barbecue table anywhere you please outdoors. After use, clean it with a damp rag, refold the tablecloth when dry, and seal it in its package to retain repellency against insects for the next use. After useful fragrance and repellency disappear, the tablecloth can be replaced by a new one, or it can continue to be kept in use as a non-repellent table covering or picnic blanket.

**STORAGE:** To maximize repellency life, store the tablecloth sealed in its package.  
**DISPOSAL:** Put this in the trash when no longer needed. Please don't litter.
