U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
66665-8

Date of Issuance:
06/24/94

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Conditional

(under FIFRA, as amended)

Name of Pesticide Product:
Ford's Organocide
Plant & Garden Spray

Name and Address of Registrant (include ZIP Code):
Innova Corporation, Suite 403, 3550 Hiway 6, Sugarland, Texas
77478

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
Revise the EPA Registration Number to read, "EPA Reg. No. 66665-8".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

NOTE TO VETERINARIANS: If animal swallows significant amount of dip, administer an emetic, or gastric lavage if not convulsive, assist respiration as necessary. Deep IM of slow IV drip of diazepam to control convulsions. Calcium gluconate IV and Vitamin B should be administered to preserve liver functions.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, potholes). Runoff and drift from treated areas may be hazardous to aquatic organisms in adjacent sites. Do not clean equipment or dispose of equipment washwaters in a manner that will contaminate water resources.

PHYSICAL AND CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store product in its original labeled container in a cool, dry, locked place out of reach of children. **PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL:** Triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

FOR USE ON ORNAMENTAL TREES, SHRUBS & FLOWERING PLANTS; FOR VEGETABLES, FRUITS AND BERRIES

Mix this product with water as described in the following charts. Use a hand or automatic sprayer as a coarse spray. Use sufficient spray mix to give complete coverage of the plant. Repeat every 5 to 10 days or as needed. Mix only the amount of spray needed for one complete spray coverage. Do not feed treated foliage to livestock. Do not apply rotenone in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons. Do not enter treated areas without protective clothing until sprays have dried or dusts have settled.

KILLS FLEAS, TICKS, AND LICE ON DOGS & CATS,
AND IN THEIR LIVING QUARTERS

HOW TO APPLY TO YOUR DOG

While wearing neoprene or rubber household gloves, spray, or sponge in against the lay of pet hair until liquid penetrates to skin; (or) dip the entire pet's body making sure not to get head or face into dipping solution. Make sure to treat animal's back, head to tail, around the neck and ears, the underbelly, the legs, the base of the tail and where fleas, ticks or lice are seen. Do not get solution into pet's eyes, nose or mouth. Afterwards, do not rinse pet since treatment will be ineffective.

FOR PUPPIES

Dilute 1/2 fluid ounce (1 tbsp.) of concentrate in 1 gallon of water for moderate flea or tick infestations (or) 1 fluid ounce (2 tbsp.) in 1 gallon of water for heavy infestations. Do not exceed the 1 ounce per gallon rate for puppies. See HOW TO APPLY TO YOUR PET. Do not use on puppies less than 4 weeks old.

FOR ADULT DOGS

FLEAS & LICE: Dilute 1 fluid ounce (2 tbsp.) per 1 gallon of water. For young adults, use 1/2 fluid ounce per 1 gallon of water. Apply directly to animal as a spray, or as a sponge-on wash. Dip animal until animal's skin is wet. See HOW TO APPLY.

TICKS: Dilute at the rate of 2 fluid ounces (4 tbsp.) per 1 gallon of water. For young animals, use 1 fluid ounce per 1 gallon of water. Apply directly to animal as a spray, or as a sponge-on wash. Dip until animal's skin is wet. For ticks, examine pet's ears and treat as needed. See HOW TO APPLY.

NOTE: Avoid spray contact with pet's eyes, nose or mouth. Also to help prevent re-infestation, thoroughly spray animal's living and sleeping quarters (when pet is treated), and place freshly laundered bedding in pet's sleeping quarters.

IMPORTANT

Avoid spray or dip contact with pet's eyes, nose or mouth. Treat pet's ears for ticks. To prevent re-infestation, thoroughly spray the animal's living quarters and bedding with 2 fluid ounces per 1 gallon of water. After treatment, place freshly laundered bedding in sleeping quarters. Repeat as needed for continued control through "flea" season. DO NOT USE THIS MATERIAL ON CATS.

Liquid Measuring Conversions

1. 1/2 oz. = 1 tablespoonful per gallon = 15 milliliters per 3.79 Liters.
2. 1 oz. = 2 tablespoonsful per gallon = 30 milliliters per 3.79 Liters.
3. 2 oz. = 4 tablespoonsful per gallon = 60 milliliters per 3.79 Liters.

NOTICE: Buyer and user assume all risk and liability of use, storage and/or handling of this product not in accordance with the terms of this label.
