Mr. John Marshall
25601 Narbonne Avenue #4
Lomita, CA 90717

Dear Mr. Marshall:

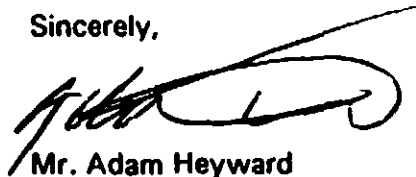

Subject: Minor Label Revision
Free and Clear System
EPA Registration Number: 66764-1
Your Amended Application dated June 22, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is accepted provided the following label corrections are made.

The word "plenty" should be used rather than the term "copious" within the precautionary treatment text, as "copious" is somewhat unusual and may not be readily recognized.

Submit three (3) copies of the final printed labeling before releasing the product for shipment under the amended labeling. A stamped copy of the product label is enclosed for your records.

Sincerely,

Mr. Adam Heyward
Acting Product Manager 10
Insecticide-Rodenticide Branch
Registration Division

Additional Precautionary Statements

NET CONTENTS: 25 lbs.

EPA Reg. No. 66764-1
EPA Est. No. 39502-CA-001

Manufactured for:

John Marshall
25601 Narbonne Ave. #4
Lomita, CA 90717

Free and Clear System may be used in homes, restaurants, and other
food and food handling establishments, markets, schools, warehouses,
factories, offices, hotels, motels, hospitals, nursing homes, garages,
grocery stores, apartment buildings, new construction, industrial plants,
theaters, ships, boats, trains, trucks, yachts, camps, mobile homes,
buses, zoos, kennels, military bases, libraries, utilities and sewers.

DOMESTIC (HOMEOWNER USE) FLEAS

Use Restrictions: Apply only when children and pets do not have access
to treatment areas. Avoid contamination of feed and foodstuffs.

Application Directions for Flea Control: Apply directly on carpets where
pets frequently traffic or sleep at the rate of up to one pound per 50
square feet (63 mg/sq. in). Work powder deep into fibers and mat. Any
powder visible after application must be brushed into carpet fibers or
vacuumed. Allow powder to remain for a period of up to three weeks to
achieve maximum flea control in carpets. Reapply if necessary.

DOMESTIC (HOMEOWNER USE) COCKROACHES, ANTS AND SILVERFISH

Use Restrictions: Apply only in areas inaccessible to children and pets.
Avoid contamination of feed and foodstuffs.

Application Directions for Cockroaches, Ant and Silverfish Control: Apply
liberally, scattering under and behind refrigerator, stove, sink,
dishwasher, washing machine and dryer, tubs; into openings around
drains, water pipes and electrical conduits, and in cracks and crevices
along baseboards and corners of cabinets, cupboards, and closets.
Remove all lower drawers in kitchen and bathroom cabinets, bedroom
dressers and chests of drawers, then scatter liberally in drawer wells.
Any powder visible after application must be brushed into cracks and
crevices or removed. Reapply as necessary.

3043

NON-DOMESTIC USE (NONEDIBLE PRODUCT AREAS ONLY)

Use Restrictions: Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Directions for Applying in New and Existing Construction to Control Cockroaches: When treating large areas, such as wall voids, soffit and subcabinet voids in new and existing construction, dust liberally using dusting application equipment.

Directions for Applying in Sewers and Manhole Cavities: Apply this product at a rate not to exceed 12 oz. per 190 sq. ft. using portable blowers or air pressure tanks.

Directions for Applying as a Mop Solution to Control Cockroaches:

Mixing and Application Directions: Add 1 cup of powder to each gallon of rinse water. Apply to floor areas only. Make only enough for each application. Supplemental treatment only.

Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Avoid contamination of feed and foodstuffs.

FOOD HANDLING ESTABLISHMENTS

Places other than private residences in which food or feed is held, processed, prepared, or served.

1. FOOD AREAS (INCLUDING SOME SERVING AREAS)

Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, driers, edible oils, syrups). Also includes some SERVING AREAS.

FOOD SERVING AREAS

SERVING AREAS are facilities where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered **FOOD AREAS** when food is exposed and the facility is in operation.

Follow application directions in this section. If food is not exposed and facility is not in operation, follow application directions under **NONFOOD SERVING AREAS** below.

Use Restrictions: **FOOD AREA** application is limited to **CRACK AND CREVICE TREATMENT ONLY**. Applications to other areas are not permitted.

Application Directions: Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticides directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing and electrical switch boxes where cockroaches hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

2. NONFOOD AREAS (INCLUDING SOME SERVING AREAS)

Includes garbage rooms, lavatories, floor drains (to sewer), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Also includes some **SERVING AREAS**.

SERVING AREAS are facilities where food is served, such as dining rooms, but not where food is prepared or held. These areas are considered **NONFOOD AREAS** when food is not exposed and the facility is not in operation.

Follow application directions in this section. If food is exposed and the facility is in operation, follow application directions under **FOOD SERVING AREAS**.

Application Directions: Apply as a spot treatment to selective surfaces such as baseboards, under elements of constructions into cracks and crevices. Avoid treating surfaces likely to be contacted by food.

OTHER NONFOOD AREAS

Application Directions: Apply to baseboards areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.
