Kanoria Chemicals & Industries, Ltd.
c/o Ms. Kimberly Lowe
Jellinek, Schwartz & Connolly, Inc.
1525 Wilson Blvd., Suite 600
Arlington, VA 22209-2411

Dear Ms. Lowe:

Subject: Amendment - Deletions per FR Vol. 63, No. 189
dated September 30, 1998 pp. 52257-60
Lindane Technical Crystals
EPA Registration Number 66951-1
Your submission dated July 6, 1998

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(a), is acceptable provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Revise the **Environmental Hazards** to read as follows:

This pesticide is toxic to fish, birds, and other wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For Guidance contact your State Water Board or Regional Office of the EPA.

20/4

3. Submit three (3) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

The Agency has received your request dated September 28, 1998 to amend the label further by deleting the use on stored timber and lumber in industrial wood-processing facilities and deleting the use on dogs. Once the FIFRA Section 6(f)(1) Notice for these use deletions has been published and the requested 30-day comment period has passed, the Agency will accept that requested amendment.

Sincerely,

George T. LaRocca
Product Manager 13
Insecticide/Rodenticide Branch

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. This pesticide may be used only for the formulation of an insecticide. Formulators using this product are responsible for obtaining EPA registration for their formulated product. Refer to Technical Bulletin for formulating and other information.

This technical product may be formulated into end-use products solely for the uses listed below:

- (1) **AGRICULTURAL USES:** Treatment of seeds for the following agricultural crops: Barley, broccoli, brussels sprouts, cabbage, cauliflower, celery, collards, corn, lettuce, kale, kohlrabi, mustard greens, oats, radishes, rye, sorghum, spinach, Swiss chard, and wheat.
- WOOD TREATMENT:** Stored timber and lumber (in industrial wood processing facilities only - no open forestry use).
- PET CARE:** Products for dogs
- (2) Uses for which EPA has accepted the required data and/or citation of data that the formulator has submitted in support of registration; and
- (3) Uses for experimental purposes that are in compliance with EPA requirements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: If container is damaged, stop any leaks by repositioning the container or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective equipment as required to prevent contact with the product or its vapors. Sweep on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label directions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration, if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of drum in the same manner.
