Columbia City, In 46725

Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment – Adding optional text in the Direction for Use and include text option of inside, front, back, and below for the precautionary statement.
Product Name: Aloe Herbal Horse Spray
EPA Registration Number: 66963-8
Application Date: 06/14/2019
OPP Decision Number: 552135

Dear Ms. Mannion:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the U.S. Environmental Protection Agency (EPA). If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration

process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Menyon Adams by phone at (703) 347- 8496 or via email at adams.menyon@epa.gov.

Sincerely,

Andrew Bryceland, Team Leader

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

A gentle blend of ingredients, including botanical oils, to repel flies, gnats and other flying insects on horses. Aloe Herbal Horse Spray contains coat conditioners and sunscreen which promote a healthy coat and protection from the sun.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General [Directions]: Apply in a covered area such as a barn or stall. For best results apply to a clean horse. Prior to application, brush coat to remove excess dirt and dust.

Dilution Directions: To be used in a clean spray container of your choice. Dilute with 5 parts water to 1 part horse spray. When pest pressure is high, dilute 4 parts water to 1 part horse spray.

Application [Directions] [Instructions]: **SHAKE CONTAINER BEFORE EACH APPLICATION. -or- [SHAKE WELL BEFORE USE.]** Hold spray container 10 to 12 inches from coat for best application. Do not spray solution directly onto horse's facial area. Instead, spray solution onto clean cloth and use cloth to apply Aloe Herbal Horse Spray to horse's facial area. Reapply every 3 hours or as needed.

Do not use on animals intended for human consumption.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store only in a cool, dry area inaccessible to children and pets. Keep container tightly closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from use of this product must be used on site or at an approved waste disposal facility.

CONTAINER HANDLING:

Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple Rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or place in trash or in a sanitary landfill.
