DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is: coveralls, waterproof gloves, and shoes plus socks.

NON - AGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

GENERAL INFORMATION

SafarCide Brand M-Pede is an effective contact insecticide, miticide and fungicide for control of soft bodied insects, mites and powdery mildew. The formulation is based on potassium salts of naturally derived fatty acids.

PRECAUTIONARY STATEMENTS

WARNING

Hazards to Humans and Domestic Animals: Causes skin irritation. Causes substantial but temporary eye injury. Do not get in eyes, on skin or on clothing.

First Aid: If in eyes: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes.

If on skin: Wash with plenty of soap and water. Get medical attention.

If swallowed: Drink promptly a large quantity of milk, egg white, gelatin solution, or, if these are not available, large quantities of water. Avoid alcohol.

Environmental Hazards: This product may be hazardous to aquatic invertebrates. Do not apply directly to water, areas where surface water is present, or to intertidal areas below the mean high water mark.

Do not contaminate water by cleaning of equipment or disposal of water.

Physical or Chemical Hazards: Flammable. Keep away from heat or open flame.

Personal Protective Equipment: Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category C on an EPA chemical resistance category selection chart.

Handlers who may be exposed to the diluted product through application or other tasks must wear: long-sleeved shirt and long pants, shoes plus socks.

Handlers who may be exposed to the concentrate through mixing, loading, application, or other tasks must wear: Coveralls over short-sleeved shirt and short pants, chemical resistant-gloves such as butyl rubber, nitrile rubber, neoprene rubber or PVC, chemical-resistant footwear plus socks, protective eyewear, chemical-resistant headgear for overhead exposure, and chemical-resistant apron when cleaning equipment, mixing or loading. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations:

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

For emergency medical information, call toll free 1-800-228-5635.

INSECTICIDAL USE FOR POULTRY AND POULTRY FACILITY PESTS

FOR CONTROL OF: darkling beetles (lesser mealworms) and hide beetles, flies, lice, chicken mites and northern fowl mites found in or on poultry and poultry production facilities.

APPLICATION GUIDELINES

- Mix product with water as directed for specific target pests and use as a directed spray or mist. Retreat as needed.
- Obtain thorough coverage of the pest(s). Ensure that the entire pest population is treated in all areas that the pest is located.
- Do not apply in thermal foggers.
- For optimum residual activity, this product may be tank mixed with an approved insecticide and sprayed as directed.

For Control of Pests in Poultry Roosts and Buildings

Pest Target	Gallons of SafeCide Brand M-Pede per 100 gallons of water	Additional Use Instructions
Lice Flies Northern Fowl Mites Chicken Mites	2 - 4	<p>When SafeCide Brand M-Pede is Used Alone: Apply 10 - 20 gallons of spray mixture per 1000 square feet.</p> <p>When Used as a Tank Mix with a Recommended Insecticide: Apply 1 - 2 gallons of spray mixture per 1000 square feet.</p> <p>Apply spray mixture at the rates listed above to walls, litter or roost surfaces. Force spray into cracks, posts, crevices, around ventilation areas, insulation areas, and areas where insects tend to congregate.</p>
Darkling beetles Hide beetles	2 - 6	For darkling beetles and hide beetles, optimum spray timing is after flock is removed from the house when the beetles are exposed and most active.

For Direct Application to Poultry

Pest Target	Gallons of SafeCide Brand M-Pede per 100 gallons of water	Additional Use Instructions
Lice Northern Fowl Mites Chicken Mites	2 - 4	<p>Spray thoroughly infested areas of hens or turkeys where mites or lice are located.</p> <p>For Northern Fowl Mites on caged layers: Use one ounce of spray mixture per hen at 100-125 psi to ensure penetration of the feathers.</p> <p>For Northern Fowl Mites on turkeys: Spray enough product to thoroughly wet infested areas.</p> <p>Supplement on bird treatments with treatments to buildings and roosts which are harborages for these pests.</p>

STORAGE AND DISPOSAL: Do not contaminate water, feed or foodstuff by storage or disposal.
STORAGE: Store only in original container; in a dry place; inaccessible to children and pets. Keep container tightly sealed when not in use.
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL: Do not reuse empty container. Triple rinse, then offer for recycling or reconditioning, or puncture and dispose of in sanitary landfill or by incineration, if allowed by state and local authorities. If burned, stay out of smoke.

LIMIT OF WARRANTY AND LIABILITY

This product conforms to the description on this label and is reasonably fit for the purpose set forth on this label when used according to the label directions and under the specified label conditions. THE MANUFACTURER DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE. Buyer and all users assume all risks and responsibility for loss or damage if this product is used, stored, handled or applied under any condition not reasonably foreseeable or beyond the manufacturer's control, or not as explicitly set forth in this label. THE LIMIT OF THE MANUFACTURER'S LIABILITY SHALL BE THE PURCHASE PRICE FOR THE QUANTITY INVOLVED. IN NO EVENT SHALL THE MANUFACTURER BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.
