NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) section 3(c)(5) provided that you:

A. Make the labeling changes listed below and submit one (1) copy of final printed labeling before you release the product for shipment:

3. Revise "CAUTION" portion of your "PRECAUTIONARY STATEMENTS" as follows:

CAUTION: Strong, temporary irritant to eyes, nose and skin. Avoid contact with powder and treated bird feed. Wash thoroughly with soap and water after handling. Do not allow children to use this product.

4. Restructure the "DIRECTIONS FOR USE" as indicated below.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions:** This product may be used in yards around homes and other buildings to discourage gray squirrels, red squirrels, fox squirrels and chipmunks from feeding on seeds and other dry feed placed in feeders or on the ground to feed wild birds.

**Mixing Directions:** Wearing eye protection and gloves at an outdoor, wind-protected location, mix contents of package with 5 lbs of bird feed [or 25 lbs, or 50 lbs, depending on the size of the SQUIRREL AWAY package] in a container with a securable top. Select a container large enough to facilitate mixing SQUIRREL AWAY with the amount of feed to be treated. Close top of container securely and shake container thoroughly, inverting the container occasionally to promote complete mixing.

**Application Directions:** Using gloves, fill feeders or place treated feed on ground in the manner appropriate for the species of birds that you are trying to feed. Repeat use of treated feed if squirrels and chipmunks return.

Note that this label was developed for the 0.28-oz/8-g package. Brackets indicate the text to substitute for the larger packages. Any Spanish text included on the label must be identical in meaning to the accepted English text.

4. Revise your "STORAGE AND DISPOSAL" statements as follows:

STORAGE AND DISPOSAL

Storage: Store unused product in zip-lock plastic bag and treated feed in secured container, in a dry place inaccessible to children and pets.

Disposal: Dispose of zip-lock bag, including any unused material, by securely wrapping in newspaper and discarding in trash.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Robert A. Forrest
