Shelton, CT 06484

Subject: Label Amendment – Amend precautionary label language  
Product Name: ACTICIDE PDP 20-F  
EPA Registration Number: 67071-73  
Application Date: October 9, 2014  
Decision Number: 496395

Dear Ms. Woodward:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

with FIFRA section 6. If you have any questions, please contact Elizabeth Watkins by phone at 703-347-0241, or via email at [Watkins.Elizabeth@epa.gov](mailto:Watkins.Elizabeth@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "SEIICHI Murasaki". The signature is written in a cursive style with some capital letters.

# ACTICIDE® PDP 20-F

ACTIVE INGREDIENTS:  
 4,5-Dichloro-2-n-octyl-3(2H)-isothiazolone.....20.00%  
 OTHER INGREDIENTS: .....80.00%  
 TOTAL: .....100.00%  
 ACTICIDE® PDP 20-F weighs 8.37 lb. per gallon

## KEEP OUT OF REACH OF CHILDREN WARNING

See Side panel for additional precautionary statements

### FIRST AID

**If in Eyes:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**If on Skin Or Clothing**

- Take off contaminated clothing
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**If Inhaled:**

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice

**If Swallowed:**

- Immediately call a poison control center or doctor
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give any liquid to the person
- Do not give anything by mouth to an unconscious person

**Have the product container or label with you when calling a poison control center or doctor, or when going for treatment**

**Note to physician:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be necessary.

**In case of an emergency:** Call the National Pesticides Information Center (NPC) at 1-800-858-7378

**UN 3082, ENVIRONMENTALLY HAZARDOUS SUBSTANCE, LIQUID, N.O.S. (4,5-dichloro-2-octyl-2H-isothiazol-3-one), 8, PG-III**

## Precautionary Statements: Hazards to Humans and Domestic Animals WARNING

Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eyewear, such as goggles, face shield, or safety glasses. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin or clothing. Avoid breathing spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, and using the toilet. Remove contaminated clothing and wash clothing before reuse.

### DIRECTIONS FOR USE

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

Industrial microbiocide for use in Plastics, Polymer Compounds, Building Materials, Paints and Coatings, Adhesives and Tackifiers  
READ AND FOLLOW THE DIRECTIONS FOR USE ON THE ACCOMPANYING INFORMATION SHEET.

*\*Not approved for use in the State of California*

**EPA Reg. No. 67071-73**

**EPA Est. No. 67071-DEU-001**

# ACTICIDE<sup>®</sup> PDP 20-F INFORMATION SHEET

**THIS ACTICIDE<sup>®</sup> PDP 20-F INFORMATION SHEET MUST ACCOMPANY EACH SHIPMENT OF ACTICIDE<sup>®</sup> PDP 20-F**

## DIRECTIONS FOR USE

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

Typical applications and suggested range of use concentrations based on total weight of product are as follows:

<b>POLYMER COMPOUNDS</b> For use as a mildewcide in PVC, polyurethane, and other polymer compounds  To ensure uniform distribution throughout the formulation, it is recommended that ACTICIDE <sup>®</sup> PDP 20-F be pre-blended with plasticizer or other liquid ingredient before the final compounding step.	<b>0.2 – 1.0%</b> 0.2 – 1.0 LB per 100 LB compounded polymer system
<b>PAINTS AND COATINGS</b> For use as a microbiocide to control bacteria, algae, and fungi in coatings, latex and solvent-based paints and coatings If necessary, higher dosages, up to 1.0% (1.0 lb per 100 lb of formulation) may be used depending on the level of control required. <b>CONCENTRATES:</b> ACTICIDE <sup>®</sup> PDP 20-F should be added to the polymer latex concentrate at a level to ensure that the final use dilution will contain 0.12% to 0.56% ACTICIDE <sup>®</sup> PDP 20-F.	<b>0.12 – 0.56%</b> 0.12 – 0.56 LB per 100 LB of formulation
<b>BUILDING MATERIALS</b> For use as a microbiocide to control bacteria, algae, and fungi in building materials, elastomeric roof and wall coatings and mastics, caulks, sealants, joint cements, concrete admixtures, spackling, stucco, grouting, insulation and exterior finish systems. If necessary, higher dosages, up to 1.0% (1.0 lb per 100 lb of formulation) may be used depending on the level of control required.	<b>0.12 – 0.56%</b> 0.12 – 0.56 LB per 100 LB of formulation
<b>ADHESIVES</b> For use as a microbiocide to control bacteria and fungi in starch and dextrin-based pastes, water-soluble and water-dispersed adhesives, animal glues, vegetable glues, natural rubber latices, polyvinyl acetate, styrene butadiene and acrylic homo-polymers or hetero-polymers.	<b>0.12 – 0.56%</b> 0.12 – 0.56 LB per 100 LB of formulation
<b>TACKIFIERS</b> For use as a preservative for tackifiers derived from rosin and hydrocarbon resins.	<b>0.12 – 0.56%</b> 0.12 – 0.56 LB per 100 LB of formulation

# ACTICIDE<sup>®</sup> PDP 20-F INFORMATION SHEET

**THIS ACTICIDE<sup>®</sup> PDP 20-F INFORMATION SHEET MUST ACCOMPANY EACH SHIPMENT  
OF ACTICIDE<sup>®</sup> PDP 20-F**

## **DIRECTIONS FOR USE**

**It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.**

### **PLASTICS**

#### ***INTERIOR APPLICATIONS:***

such as PVC flooring and wall coverings, coated fabrics for upholstery, interior automotive parts, refrigerator gaskets, shower curtains, and mattress covers.

**0.4 – 0.6%**  
0.4 – 0.6 LB per 100 LB  
of compound

#### ***EXTERIOR APPLICATIONS:***

such as automotive landau tops, exterior automotive trim, tarpaulins, awnings, ditch and pond liners, marine upholstery, swimming pool liners.

**0.7 - 1.0%**  
0.7 - 1.0 LB per 100 LB  
of compound

#### ***PLASTIC CONCENTRATES:***

For use in unregistered treated article intermediates that will be further processed to manufacture articles such as PVC flooring, wall coverings, coated fabrics for upholstery and shower curtains for interior use and automotive landau tops, tarpaulins, awnings and marine upholstery for exterior use. The intermediate treated plastic concentrate must be used in proportion to untreated plastic and other inputs in the fabrication of plastic articles entering commerce so that the final concentration of active ingredient does not exceed the application rate of 0.6% ACTICIDE<sup>®</sup> PDP 20-F for the various interior articles to be preserved and 1.0% ACTICIDE<sup>®</sup> PDP 20-F for the various exterior articles to be preserved.
