Ms. Cheryl Woodward
Senior Regulatory Specialist
Thor Specialties, Inc.
50 Waterview Drive
Shelton, CT 06484

Subject: Label Amendment – Revising the precautionary and first aid statements
Product Name: Acticide SR 8213 C
EPA Registration Number: 67071-74
Application Date: September 28, 2015
Decision Number: 509678

Dear Ms. Woodward:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2
EPA Reg. No. 67071-74
Decision No. 509678

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Karen M. Leavy by phone at (703) 308-6237, or via email at Leavy.Karen@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Julie Chao". The signature is fluid and cursive, with the first name "Julie" being more prominent than the last name "Chao".

Julie Chao, Product Manager 33

Enclosure

ACTICIDE® SR 8213 C

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

STORAGE AND DISPOSAL

Prohibitions: This product is corrosive to mild steel. Do not store in unlined metal containers. Do not contaminate food or feed by storage, disposal or cleaning of equipment.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Handling: Non-refillable container. Do not reuse or refill this container. Triple rinse container promptly after emptying. Triple rinse as follows: [For containers < 5 gallons in size] – Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. [For containers > 5 gallons in size] - Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Active Ingredients:	
1,2-Benzisothiazolin-3-one	10.00%
2-Methyl-4-isothiazolin-3-one	10.00%
Zinc-2-pyridinethiol-1-oxide	5.00%
Inert Ingredients:	75.00%
Total:	100.00%

ACTICIDE® SR 8213 C microbiocide weighs 9.27 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN DANGER

See Side panel for additional precautionary statements

FIRST AID	
If in Eyes:	<ul style="list-style-type: none"> > Hold eye open and rinse slowly and gently with water for 15-20 minutes. > Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. > Call a poison control center or doctor for treatment advice.
If on Skin:	<ul style="list-style-type: none"> > Take off contaminated clothing. > Rinse skin immediately with plenty of water for 15-20 minutes. > Call a poison control center or doctor for treatment advice.
If Swallowed:	<ul style="list-style-type: none"> > Call a poison control center or doctor immediately for treatment advice. > Have person sip a glass of water if able to swallow. > Do not induce vomiting unless told to do so by a poison control center or doctor. > Do not give anything to an unconscious person.
Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.	
HOT LINE NUMBER: In case of emergency, for additional information call toll free 1-800-424-9300. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	

3082 ENVIRONMENTALLY HAZARDOUS SUBSTANCE,
LIQUID, N.O.S. (2-methylisothiazol-3(2H)-one,
1,2-benzisothiazol-3(2H)-one), 9, PG-III

ACCEPTED

Nov 11, 2015

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 67071-74

Precautionary Statements: Hazards to Humans and Domestic Animals

Corrosive. Causes skin burns. Causes irreversible eye damage. Harmful if absorbed through skin. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear coveralls worn over long-sleeved shirt and long pants, socks, chemical-resistant footwear, and , gloves. Wear protective eyewear (goggles, face shield, or safety glasses). Wear long-sleeved shirt and long pants, socks, shoes, and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Industrial microbiocide for use in *polymer latices, *paints and coatings, *building materials, *adhesives, *dispersed pigments, *oil-in-water emulsions, *household consumer, industrial, and janitorial products, *textiles/cordage products, *aqueous compositions, *metal working fluids. **READ AND FOLLOW THE DIRECTIONS FOR USE ON THE ACCOMPANYING INFORMATION SHEET.**

*Not approved for use in the State of California

ACTICIDE® SR 8213 C INFORMATION SHEET

**THIS ACTICIDE® SR 8213 C INFORMATION SHEET MUST ACCOMPANY EACH
SHIPMENT OF ACTICIDE® SR 8213 C**

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

LATEX, POLYMER EMULSIONS OR SOLUTIONS ACTICIDE® SR 8213 C microbicide is recommended for the control of bacteria and fungi in the manufacture and storage of synthetic and natural polymer latices (including process wash solutions) including: acrylics, styrene-butadiene, carboxylated styrene-butadiene, ethylene-vinyl acetate and biopolymers intended for industrial use such as xanthan gum, gum arabic, guar gum, protein derived polymers, starches and casein derived polymers including latices for paper and paperboard	0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)
PAINTS AND COATINGS (including stains) ACTICIDE® SR 8213 C microbicide is recommended as an in-container preservative for the control of bacteria and fungi in water based coatings such as paper and wood coatings and paints (including process wash solutions) used for architectural product finishes and •special purpose coatings	0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)
•Special purpose coating uses: Include use as a: <> preservative for electrodeposition paints or solutions, <> preservative for photoplating solutions or coatings, <> preservative in fount (or fountain) solutions used in the printing process as a maintenance fluid/coating and as a special coating for printing plates, and <> preservative in spin finish coatings for fibers. The application/addition directions for these special purpose coating uses are:	
•Treatment Of Electrodeposition Paint Components: Initial Dose of Paint Components: ACTICIDE® SR 8213 C microbicide should be added to the resin, pigment, or other component of the electrodeposition paint at a level to ensure that the final use-dilution fluid will contain no more than 320 ppm isothiazolones. • <i>Not approved for this use in the state of California</i> Tankside Addition To Electrodeposition Systems: ACTICIDE® SR 8213 C microbicide should be dispensed into the recirculating rinse system, ultrafilter permeate, or final distilled rinse system at a point to insure uniform mixing.	
<i>When the system is noticeably fouled</i>	up to 0.4% (based on total gals of fluid in system). Repeat until control is achieved
<i>When microbial control is evident</i>	up to 0.2% (based on the total gals of fluid in system) weekly or as needed to maintain the system
A change of frequency of treatment may be required depending on the rate of dilution of the preservative with the makeup fluid, the nature and severity of contamination, level of control required, filtration effectiveness, system design, etc.	

ACTICIDE® SR 8213 C INFORMATION SHEET

**THIS ACTICIDE® SR 8213 C INFORMATION SHEET MUST ACCOMPANY EACH
SHIPMENT OF ACTICIDE® SR 8213 C**

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

<p>•Photoplate Processing, Photo Processing, Fountain Solutions, and Ink/Ink Components: ACTICIDE® SR 8213 C microbiocide is recommended for the control of bacteria and fungi in photoplate processing such as stabilizer solutions and in fountain solutions. ACTICIDE® SR 8213 C microbiocide is recommended for water-based printing inks such as flexographic, gravure, screen and ink jet types. ACTICIDE® SR 8213 C microbiocide is recommended for the control of bacteria and fungi in printing ink components such as resins, plasticizers, water soluble dyes, pigments, gelling agents, surfactants, and thickeners. A level adjustment may be necessary to accommodate the slight change in solution formulations. . . • <i>Not approved for this use in the state of California</i></p>	<p>0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)</p>
<p>Up to 500 lb ACTICIDE® SR 8213 C per 1,000 lbs of concentrate may be added to concentrates so long as the final use-dilution product contains not more than 320 ppm active ingredients (a dilution of 100x)</p>	
<p>BUILDING MATERIALS ACTICIDE® SR 8213 C microbiocide is recommended as an in-container preservative for the control of bacteria and fungi in building materials such as mastics, caulks, joint cements, spackles and grouts, and concrete admixtures</p>	<p>0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)</p>
<p>ADHESIVES AND TACKIFIERS ACTICIDE® SR 8213 C microbiocide is recommended as a preservative for the control of bacteria and fungi in water soluble and water dispersed adhesives such as animal glues, vegetable glues, natural rubber latices, polyvinyl acetate, styrene-butadiene and acrylic latices. ACTICIDE® SR 8213 C microbiocide is recommended as a preservative for tackifiers derived from rosin and hydrocarbon resins</p>	<p>0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)</p>
<p>DISPERSED PIGMENTS (MINERAL SLURRIES) ACTICIDE® SR 8213 C microbiocide is recommended for the control of bacteria and fungi in the manufacture and storage of dispersed pigments such as refractory coatings, ceramic glazes, kaolin clay, montmorillonite clay, titanium dioxide, calcium carbonate, calcium sulfate, barium sulfate, magnesium silicate and kieselguhr used in paint and paper products</p>	<p>0.03 – 0.3% of ACTICIDE® SR 8213 C (0.03 lb to 0.3 lbs per 100 lbs formula)</p>

ACTICIDE® SR 8213 C

INFORMATION SHEET

THIS ACTICIDE® SR 8213 C INFORMATION SHEET MUST ACCOMPANY EACH SHIPMENT OF ACTICIDE® SR 8213 C

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

OIL-IN-WATER EMULSIONS ACTICIDE® SR 8213 C is recommended for use in spin-finish solutions used in the textile industry and photographic emulsions	0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)
LIQUID HOUSEHOLD, CONSUMER, INDUSTRIAL, JANITORIAL PRODUCTS For the control of bacteria and fungi in liquid soaps, liquid cleaners, liquid detergents, liquid laundry products, liquid dishwashing detergents, waxes, polishes, liquid fabric treatment/refresher products, liquid air fresheners/deodorizers, car care products, and other similar cleaners. ACTICIDE® SR 8213 C may also be used for the control of bacteria and fungi in package utility products such as pre-moistened sponges and mops. ACTICIDE® SR 8213 C may also be used for the control of bacteria and fungi in solutions that are then put into/onto wet wipes for use in industrial, commercial, residential and household uses cited above. Wet wipes containing a solution preserved with this product may not be used for personal care, as baby wipes, or for food contact	0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)
SEMI-SOLID/SOLID LIQUID HOUSEHOLD, CONSUMER, INDUSTRIAL, JANITORIAL-PRODUCTS For the control of bacteria and fungi in semi-solid/solid soaps, semi-solid/solid cleaners, semi-solid/solid detergents, semi-solid/solid laundry products, semi-solid/solid dishwashing detergents, waxes, polishes, semi-solid/solid fabric treatment/refresher products, semi-solid/solid air fresheners/deodorizers, car care products, and other similar cleaners. ACTICIDE® SR 8213 C may also be used for the control of bacteria and fungi in package utility products such as pre-moistened sponges and mops.	0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)
TEXTILES/CORDAGE PRODUCTS AND TEXTILE-/TEXTILE-FIBERS MAKING ACTICIDE® SR 8213 C is recommended as a preservative for the control of bacteria and fungi in liquid textile auxiliaries for woven or non-woven products (such as fiber lubricants, spin finishes, sizes, dyestuffs, textile printing inks, dispersants, thickeners, dye fixatives), and in textile coatings	0.05 – 0.4% of ACTICIDE® SR 8213 C (0.05 lb to 0.4 lbs per 100 lbs formula)
