Subject: Label Amendment – Clarification of Existing Uses
Product Name: Acticide ITC-F
EPA Registration Number: 67071-94
Application Date: August 31, 2017
Decision Number: 532908

Dear Ms. Woodward:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Terria Northern by phone at 703-347-0265, or via email at northern.terria@epa.gov.

Sincerely,

Zeno Bain, Product Manager 33

ACTICIDE® ITC-F

INFORMATION SHEET

THIS ACTICIDE® ITC-F INFORMATION SHEET MUST ACCOMPANY EACH SHIPMENT OF ACTICIDE® ITC-F

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

***HOUSEHOLD, INDUSTRIAL, INSTITUTIONAL, AND JANITORIAL PRODUCTS**

ACTICIDE® ITC-F is recommended for control of bacteria and fungi in liquid detergents, in liquid laundry products and also in dishwashing detergents, waxes, polishes, and other similar cleaners, in liquid fabric treatment/refreshers products and liquid air fresheners/deodorizers. ACTICIDE® ITC-F may also be used for control of bacteria and fungi in package utility products such as pre-moistened sponges and mops. ACTICIDE® ITC-F is recommended for the control of bacteria and fungi in aqueous raw materials such as silicone emulsions and surfactants used in industrial, household/institutional and personal care products.

0.04% - 0.15%

Add 0.4-1.5 lbs. (180-680 g) per 1000 lbs. (453.6 kg) of product to be protected to provide 6 to 22.5 ppm of active ingredients.

APPLICATION IN WIPES

ACTICIDE® ITC-F may also be used for the control of bacteria and fungi in solutions that are then put into/onto wet wipes for use in household and industrial cleaning uses, additives, fresheners/refreshers/deodorizers, car care products and polishes/waxes. This product is not for use in treating/preserving solutions that will be incorporated into personal care wet wipes, baby wipes or food contact wipes. For solutions incorporated into household wipes, do not exceed 0.10% ACTICIDE® ITC-F.

0.04% - 0.10%

Add 0.4-1.5 lbs. (180-454 g) per 1000 lbs. (453.6 kg) of product to be protected to provide 6 to 15 ppm of active ingredients.

Not for use in aerosol applications.

APPLICATIONS IN NON-AEROSOL SPRAYS

For non-aerosol sprays, do not exceed 0.10% ACTICIDE® ITC-F.

*** Not approved for this use in the State Of California**

ACTICIDE® ITC-F

INFORMATION SHEET

THIS ACTICIDE® ITC-F INFORMATION SHEET MUST ACCOMPANY EACH SHIPMENT OF ACTICIDE® ITC-F

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

***PRESERVATIVE FOR POLYMERS:**

ACTICIDE® ITC-F microbiocide is recommended for the control of bacteria and fungi in the manufacture and storage of synthetic and natural polymers including: acrylics, styrene/butadiene, carboxylated styrene/butadiene, ethylene/vinyl acetate and biopolymers intended for use in industrial, household/institutional and personal care products such as xanthan gum, gum arabic, guar gum, protein derived polymers, starches and casein derived polymers.

Note: To insure uniform mixing, add ACTICIDE® ITC-F microbiocide to polymer slowly with agitation. The actual concentration required will depend upon such factors as the specific substance to be treated, frequency of repeated microbial contamination expected and level of protection required.

0.05% - 0.33%

Add 0.5 to 3.3 lb. (227 g - 1.5 kg) per 1000 lbs. (454 kg) of polymer to provide 7 – 50 ppm of active ingredients.

*** Not approved for this use in the State Of California**

GENERAL ADVISORY STATEMENT: ACTICIDE® ITC-F SHOULD BE ADDED TO THOSE PRODUCTS FORMULATED AS CONCENTRATES WHICH ARE IN TURN DILUTED FOR USE AT A LEVEL TO ENSURE THAT THE FINAL USE- DILUTION PRODUCT WILL CONTAIN BETWEEN 6 - 50 PPM ACTIVE ISOTHIAZOLONES, AS DESCRIBED ABOVE.
