AQUA CHEM
 BALANCED FOR CLEAN SPAS
 ALGICIDE

{Optional marketing statements that may be used with spa algaecide.}

[Prevents Algae Growth]

[Algaecide]

[For Fast Algae Control]

[Non-Foaming]

[Algaecide for Spas]

ACTIVE INGREDIENT:

Poly (oxyethylene (dimethyliminio) ethylene-
 (dimethyliminio) ethylene dichloride)

6.0%

OTHER INGREDIENTS:

94.0%

TOTAL INGREDIENTS:

100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID: IF CONTACT WITH EYES OCCURS: Immediately flush with cold water for at least 15 minutes. Then get immediate medical attention. IF CONTACT WITH SKIN: Wash off excess chemical with soap and water and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. IF INHALED: Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If not breathing, give artificial respiration. Call a physician immediately. IF SWALLOWED: Drink large amounts of water. Do not induce vomiting. Avoid alcohol. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. IN CASE OF MEDICAL EMERGENCY, CALL 1-303-623-5716.

See [back] [side] panel for additional precautionary statements.

MANUFACTURED FOR:

RECREATIONAL WATER PRODUCTS

SCOTTDALE, GEORGIA

EPA REG. #67262-8

EPA EST. # 5185-GA-1

NET CONTENTS:

{Directions to be used for spa algaecide}

WHY TO USE THIS PRODUCT: This product efficiently and economically reduces the growth of algae in spas and hot tubs. It is designed for use as part of your routine maintenance program, **not** for removal of heavy algae growths.

IMPORTANT NOTES

1. When using other products, as outlined in directions for this product, always follow label directions for those products.
2. Sunlight, rainfall, temperature, number of bathers and frequency of spa use affect the rate of sanitizer loss. Adjust cleaning and chemical maintenance accordingly. To prevent the establishment of harmful algae, superchlorinate spa weekly.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

BEFORE YOU BEGIN

1. Ensure all spa equipment is working properly. Clean filter following manufacturer's directions.
2. Check water alkalinity, pH and calcium hardness with a test kit. Adjust alkalinity to 80-125 ppm for plaster spas, 125-150 for other types of spas by adding an alkalinity increaser. Adjust pH to 7.2-7.6 by adding a pH decreaser to lower pH, or by adding a pH increaser to raise pH. Adjust calcium hardness to 200-275 ppm for plaster spas, 175-225 for other types of spas by adding a calcium hardness increaser.

NOW USE THIS PRODUCT

1. To remove existing algae where growth has become visible, pour product directly into spa at a rate of 10-15 fl. oz. per 1,000 gallons of water.
2. Operate recirculating pump while adding product and for 1 hour afterward to ensure even distribution and maximum effect.
3. For newly cleaned and filled spas or hot tubs, pour product directly into spa at a rate of 7-10 fl. oz. per 1,000 gallons of water. Operate recirculating pump while adding product and for one hour afterward.
4. To reduce future growth of algae, a regular maintenance application of this algicide is recommended. Add product weekly at a rate of 2-5 fl. oz. per 1,000 gallons or more frequently depending on usage conditions, following directions above.
5. Recheck pH, total alkalinity, residual sanitizer levels following treatment and adjust as necessary.

STORAGE AND DISPOSAL Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION Avoid contact with eyes, skin, and clothing. Harmful if swallowed. Wear goggles or safety glasses and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing vapors. Remove and wash contaminated clothing before reuse. For skin or eye contact, or if vapors are inhaled, immediately follow first aid instructions on front label panel.

PHYSICAL OR CHEMICAL HAZARDS Do not mix with other chemicals.

{Environmental hazards statement for end-use products in containers of less than 5 gallons (liquid) or less than 50 pounds (solid, dry weight).}

ENVIRONMENTAL HAZARDS This pesticide is toxic to fish and aquatic organisms.]

{Environmental hazards statement for end-use products in containers of equal to or greater than 5 gallons (liquid) or equal to or greater than 50 pounds (solid, dry weight).}

ENVIRONMENTAL HAZARDS This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority.
