AQUA CHEM
BALANCED FOR CLEAN SPAS
ALGICIDE

{Optional marketing statements that may be used with spa algicide.}

- [Prevents Algae Growth]
- [Algicide]
- [For Fast Algae Control]
- [Non-Foaming]
- [Algicide for Spas]

ACTIVE INGREDIENT:

Poly (oxyethylene (dimethyliminio) ethylene-
(dimethyliminio) ethylene dichloride) 6.0%

OTHER INGREDIENTS: 94.0%

TOTAL INGREDIENTS: 100.0%

KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. [IN CASE OF MEDICAL EMERGENCY, CALL [1-303-623-5716] [1-877-800-5553] [telephone number supplied by supplemental registrant].]

See [back] [side] panel for additional precautionary statements.

NET CONTENTS:

{Directions to be used for spa algaecide}

WHY TO USE THIS PRODUCT: This product efficiently and economically reduces the growth of algae in spas and hot tubs. It is designed for use as part of your routine maintenance program, **not** for removal of heavy algae growths.

IMPORTANT NOTES

1. When using other products, as outlined in directions for this product, always follow label directions for those products.
2. Sunlight, rainfall, temperature, number of bathers and frequency of spa use affect the rate of sanitizer (chlorine or bromine) loss. Adjust cleaning and chemical maintenance accordingly. To prevent the establishment of harmful algae, superchlorinate spa weekly.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

BEFORE YOU BEGIN

1. Ensure all spa equipment is working properly. Clean filter following manufacturer's directions.
2. Check water alkalinity, pH and calcium hardness with a test kit. Adjust alkalinity to 80-125 ppm for plaster spas, 125-150 for other types of spas by adding an alkalinity increaser. Adjust pH to 7.2-7.6 by adding a pH decreaser to lower pH, or by adding a pH increaser to raise pH. Adjust calcium hardness to 200-275 ppm for plaster spas, 175-225 for other types of spas by adding a calcium hardness increaser.

NOW USE THIS PRODUCT

1. To remove existing algae where growth has become visible, pour product directly into spa at a rate of 10-15 fl. oz. per 1,000 gallons of water.
2. Operate recirculating pump while adding product and for 1 hour afterward to ensure even distribution and maximum effect. Wait at least 15 minutes after application before entering spa.
3. For newly cleaned and filled spas or hot tubs, pour product directly into spa at a rate of 7-10 fl. oz. per 1,000 gallons of water. Operate recirculating pump while adding product and for one hour afterward.
4. To reduce future growth of algae, a regular maintenance application of this algicide is recommended. Add product weekly at a rate of 2-5 fl. oz. per 1,000 gallons or more frequently depending on usage conditions, following directions above.
5. After addition of this product, as part of good spa maintenance, recheck pH, total alkalinity, and residual sanitizer (chlorine or bromine) levels following treatment and adjust as necessary.

STORAGE AND DISPOSAL Do not contaminate food or feed by storage or disposal. **Pesticide Storage:** Keep this product in original tightly closed container when not in use. Store in a cool, dry, well-ventilated area. **Pesticide Disposal:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. **Container Disposal:** Do not reuse this container. Place in trash or offer for recycling if available.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with eyes, skin, and clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Wash thoroughly with soap and water after handling.

PHYSICAL OR CHEMICAL HAZARDS Do not mix with other chemicals.

{Environmental hazards statement for end-use products in containers of less than 5 gallons (liquid).}

[ENVIRONMENTAL HAZARDS This pesticide is toxic to fish and aquatic organisms.]
