**AQUA CHEM
BALANCED FOR CLEAN POOLS
ALGICIDE LIQUID CONCENTRATE**

ACCEPTED
JUN 27 1996
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 67262-10

ACTIVE INGREDIENT:
Poly{oxyethylene (dimethyliminio)ethylene-(dimethyliminio) ethylene dichloride} 60.0%
INERT INGREDIENTS: 40.0%
TOTAL INGREDIENTS: 100.0%

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

STATEMENTS OF PRACTICAL TREATMENT: IF CONTACT WITH EYES OCCURS: Immediately flush with cold water for at least 15 minutes. Then get immediate medical attention. **IF CONTACT WITH SKIN:** Wash off excess chemical with soap and water and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. **IF INHALED:** Remove to fresh air. If breathing is difficult, have trained person administer oxygen. If not breathing, give artificial respiration. Call a physician immediately. **IF SWALLOWED:** Drink large amounts of water. Do not induce vomiting. Avoid alcohol. Call a physician or poison control center immediately.
IN CASE OF MEDICAL EMERGENCY, CALL 1-303-623-5716.

See back panel for additional precautionary statements.

**MANUFACTURED FOR:
RECREATIONAL WATER PRODUCTS
SCOTSDALE, GEORGIA**

**EPA REG. #67262-10
EPA EST. # 5185-GA-1**

NET CONTENTS:

WHY TO USE THIS PRODUCT: This product is an extra-strength algicide specially formulated to destroy blue and green algae infestations. It is highly effective when used at maintenance dosages to prevent the establishment of algae. For black algae in white plaster pools, use Black Out. For yellow or mustard colored spots, use Mustard Free.

IMPORTANT NOTES:

- 1. When using other products, as outlined in directions for this product, always follow label directions for those products.
- 2. Sunlight, rainfall, temperature, number of swimmers and frequency of pool use affect the rate of chlorine loss. Adjust cleaning and chemical maintenance accordingly. To prevent the establishment of harmful algae and micro-organisms, superchlorinate (shock) pool every 2-4 weeks.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in any manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions.

BEFORE YOU BEGIN

- 1. Ensure all pool equipment is working properly. Backwash filter following manufacturer's directions.
- 2. Adjust stabilizer levels to 40-50 ppm by adding Stabilizer.
- 3. Check water alkalinity, pH and calcium hardness with a test kit. Adjust alkalinity to 80-125 ppm for plaster pools, 125-150 for vinyl or fiberglass pools by adding an alkalinity increaser. Adjust pH to 7.2-7.6 by adding a pH decreaser to lower pH, or by adding a pH increaser to raise pH. Adjust calcium hardness to 200-275 ppm for plaster pools, 175-225 for vinyl or fiberglass pools by adding a calcium hardness increaser.
- 4. Check and adjust residual chlorine level to desired level of 1-3 ppm.

NOW USE THIS PRODUCT:

- 1. Add this product at a rate of 11-17 fl.oz. per 10,000 gallons of water by pouring directly into water at deep end of pool.
- 2. Operate recirculating pump while adding this product and for 4 hours afterward to ensure complete distribution and maximum effect.
- 3. On the next day, if necessary, brush dead algae off pool surfaces so it can be filtered away. Repeat dosage to remove any remaining algae spots.
- 4. To reduce future growth of algae, a regular maintenance application of this algicide is recommended. Add this product weekly at a rate of 2-4 fl. oz. per 10,000 gallons or more frequently depending on usage conditions, following directions above.

- 5. Recheck pH, total alkalinity, and residual chlorine levels Adjust as necessary.

STORAGE AND DISPOSAL Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal. **PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL:** Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION: Avoid contact with eyes, skin, or clothing. Harmful if swallowed. Wear goggles or safety glasses and rubber gloves when handling this product. Irritating to nose and throat. Avoid breathing vapors. Remove and wash contaminated clothing before reuse. For skin or eye contact, or if vapors are inhaled, immediately follow statements of practical treatment on front label panel.

PHYSICAL OR CHEMICAL HAZARDS Do not mix with other chemicals. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with other chemicals may start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water.

ENVIRONMENTAL HAZARDS This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
