VINYL POOL ALGAE KILLER

Kills Algae in Vinyl-Lined and Colored Pools
(Pre-Dissolve for Use)

Pool Time

ACTIVE INGREDIENT
Sodium dichloro-s-triazetrione 96%
INERT INGREDIENTS 4%
TOTAL INGREDIENTS 100%
Available chlorine 60%

KEEP OUT OF REACH OF CHILDREN
DANGER

See back panel for additional precautionary statements

NET WEIGHT: 2 lbs. (.91 kg)

WHY To Use This Product

When algae infest a pool the water looks murky and greenish and chlorine demand is increased. VINYL POOL ALGAE KILLER is effective in killing most types of algae and is safe in vinyl, painted, fiberglass or colored plaster pools. To kill mustard algae, we recommend MUSTARD ALGAE KILLER. To kill algae in white plaster pools, we recommend WHITE PLASTER POOL ALGAE KILLER.

HOW To Use This Product

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

GENERAL APPLICATION: BEFORE using this product, shut off pump and brush algae spots thoroughly. Wait 4 hours for water to become stationary. Pre-dissolve VINYL POOL ALGAE KILLER in a clean, plastic container of water using dosage directions below. Stir solution with wood or plastic spoon. Do not add any other chemicals or materials to the bucket. Slowly pour solution in pool at night (or when pool is not in use) along edges of the pool. AFTER treatment, wait 12 to 24 hours, then turn pump on and remove dead algae from pool surfaces with a brush and vacuum out. Clean filter. If living algae are still visible, re-treat. DO NOT USE POOL until chlorine residual falls below 3.0 ppm as determined by a test kit.

DOSAGE DIRECTIONS: Use 2 pounds of this product per 10,000 gallons of pool water for medium to heavy algae growth. Use 1 pound per 10,000 gallons for light algae growth. When pre-dissolving product, NEVER add more than 1 pound of VINYL POOL ALGAE KILLER per 2-3 gallons of water at one time. If more treatment is needed, re-fill container and pre-dissolve again.

How to Determine Pool Capacity

Shape of Pool	Compute Total Gallons of Water By Multiplying
Rectangle	Length x Width x Average Depth x 7.5
Round	Diameter x Diameter x Average Depth x 5.9
Oval	Long Diameter x Short Diameter x Average Depth x 5.9
Irregular	Consult with pool builder

STORAGE AND DISPOSAL: Keep product dry in a tightly closed container, when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. In case of decomposition, isolate container (if possible) and flood area with large amounts of water to dissolve materials before discarding this container. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage or disposal, or cleaning of equipment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS, DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS, STRONG OXIDIZING AGENT: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reuse container. If possible isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STATEMENT OF PRACTICAL TREATMENT: If swallowed, promptly drink one or two large glasses of water. Avoid alcohol. Call a physician immediately. If on skin: Flush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention. If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.
