MANUFACTURED FOR:  
RECREATIONAL WATER PRODUCTS  
SCOTSDALE, GEORGIA

EPA REG. #67262-28  
EPA EST. # 5185-GA-1

NET WEIGHT:

**[WHY TO USE THIS PRODUCT:** This product is a quick dissolving granular sanitizer. It contains stabilizer to last longer in sunlight. When applied according to label directions, this product kills bacteria, controls the growth of harmful algae and keeps wading pools and small splashers pools clean, clear and sanitized.]

**DIRECTIONS FOR USE:**

It is a violation of federal law to use this product in any manner inconsistent with its labeling. Read entire label, which appears on the box for this product and use strictly in accordance with precautionary statements and directions.

**ROUTINE MAINTENANCE:**

1. Add one level teaspoon\* of this product per 200 gallons of water as an initial treatment. To determine pool capacity for round pools: diameter x diameter x depth (in feet) of water x 5.9 = gallons.
2. Use test strips or a test kit to determine if the chlorine level is 1 – 3 ppm. If necessary, repeat the initial treatment at 10 to 20 minute intervals until the chlorine level reaches 1 – 3 ppm.
3. Product must be completely dissolved before allowing bathers to enter the pool.
4. Cloudy, dull water and difficulty in keeping a 1 - 3 chlorine level indicate a need to drain and refill.
5. Make sure chlorine levels are maintained at 1-3 ppm at all times during pool usage to keep the pool sanitized, even if you drain and refill daily.

**Do not enter pool until product is completely dissolved and chlorine level is 1 – 3 ppm.**

\* Use a clean, dedicated spoon to dose the appropriate amount of product into the pool. Keep the dosage spoon stored out of reach of children.

**Retain outer packaging for important storage and handling information.**

**Retain outer package for important storage and handling information.**

**STORAGE AND DISPOSAL** Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Do not reuse container, but place in trash collection. Rinse thoroughly before discarding in trash.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER:** Corrosive: Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust or vapor. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**PHYSICAL OR CHEMICAL HAZARDS STRONG OXIDIZING AGENT:** Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination, or

decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water.

{Environmental hazards statement for end-use products in containers of less than 5 gallons (liquid) or less than 50 pounds (solid, dry weight).}

**ENVIRONMENTAL HAZARDS** This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.
