FILE COPY

Subject: Pool Time Small Pool Sanitizer
EPA Registration No. 67262-28
Application Date: December 22, 2008
Receipt Date: December 29, 2008

Dear Mr. Jernigan:

The following amendments, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable:

- Increase the re-entry level to 4ppm chlorine
- Revise Storage and Disposal Statement per PR Notice 2007-4
- Minor typographical changes and corrections

General Comments

A stamped copy of the accepted labeling is enclosed. Submit 1 copy of your final printed label before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Wanda Henson at 703-308-6345.

Sincerely,

for

Emily H. Mitchell
Product Manager (32)
Regulatory Management Branch II
Antimicrobials Division (7510P)

Pool Time Small Pool Sanitizer

{The following section will appear on the product bottle when print area is too small for complete text. Complete text will appear on outer packaging as outlined in later section.}

ACTIVE INGREDIENT:

Sodium dichloro-s-triazinetrione dihydrate 99.0%

OTHER INGREDIENTS 1.0%

TOTAL INGREDIENTS 100.0%

Available Chlorine: 55%

KEEP OUT OF REACH OF CHILDREN

DANGER

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

[IN CASE OF MEDICAL EMERGENCY, CALL [1-303-623-5716] [1-877-800-5553] [telephone number supplied by supplemental registrant].]

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

See outer packaging for complete label, including additional precautionary statements.

ACCEPTED
FEB 12 2009
Under the Federal Insecticide, Fungicide, and
Rodenticide Act as amended, for the
pesticide, registered under
EPA Reg. No. 67262-28

{Optional Marketing Statements}

- [Wading Pool Sanitizer]
- [For 200 to 1,000 Gallons pools]
- [For 200 to 2,000 Gallons pools]
- [For Wading, Kiddie, & Splasher Pools]
- [Quick Dissolving]
- [Stabilized]
- [Contains Stabilizer to last longer in sunlight]
- [Easy to use]
- [Keeps water clean]
- [Keeps water clear]
- [Kills bacteria and controls algae]
- [Kills bacteria]
- [Controls algae]
- [Drain and refill less often]
- [For 4 ft. to 10 ft. diameter pools]
- [For 4 ft. to 12 ft. diameter pools]
- [For small pools]
- [For small vinyl pools]
- [Protected against sunlight to last longer]

[WHY TO USE THIS PRODUCT: This product is a quick dissolving granular sanitizer. It contains stabilizer to last longer in sunlight. When applied according to label directions, this product kills bacteria, controls the growth of harmful algae and keeps wading pools [and] small splasher pools [and small vinyl pools] clean, clear and sanitized.]

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in any manner inconsistent with its labeling. Read entire label, which appears on the box for this product and use strictly in accordance with precautionary statements and directions.

ROUTINE MAINTENANCE:

1. Add one level teaspoon* of this product per 200 gallons of water as an initial treatment. [For larger pool volumes use 2.5 level teaspoons per 500 gallons.] To determine pool capacity for round pools: diameter x diameter x depth (in feet) of water x 5.9 = gallons. [For rectangular pool capacity: length x width x average depth (in feet) x 7.5 = gallons.]
2. Use test strips or a test kit to determine if the chlorine level is 1 - 4 ppm. If necessary, repeat the initial treatment at 10 to 20 minute intervals until the chlorine level reaches 1 - 4 ppm.
3. Product must be completely dissolved before allowing bathers to enter the pool.
4. Cloudy, dull water and difficulty in keeping a 1 - 4 chlorine level indicate a need to drain and refill.
5. Make sure chlorine levels are maintained at 1-4 ppm at all times during pool usage to keep the pool sanitized, even if you drain and refill daily.

Do not enter pool until product is completely dissolved and chlorine level is 1 - 4 ppm.

* Use a clean, dedicated spoon to dose the appropriate amount of product into the pool. Keep the dosage spoon stored out of reach of children.

Retain outer packaging for important storage and handling information.

{The following section will appear on outer packaging or be text used on bottle when there is sufficient room for complete text on bottle}

STORAGE AND DISPOSAL: Keep this product dry in original tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container if possible and flood area with large amounts of water to dissolve all material before discarding this container. Do not contaminate food or feed by storage or disposal. **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: DANGER: Corrosive: Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe dust or vapor. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL OR CHEMICAL HAZARDS: STRONG OXIDIZING AGENT: Do not mix with other chemicals. Mix only with water. Never add water to product. Always add product to large quantities of water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals will start a chemical reaction and generate heat, hazardous gas, possible fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood area with large volumes of water.

{Environmental hazards statement for end-use products in containers of less than 5 gallons (liquid) or less than 50 pounds (solid, dry weight).}

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

NOTE: Buyer assumes all responsibility for safety and use not in accordance with directions.

{The following is optional text to be used at Recreational Water Products' discretion. This information is non-essential and will be provided only as a courtesy. Will not appear on all labels.}
